Descendants of Lars Andreas Pederson Eritslund

Generation No. 1

1. LARS ANDREAS PEDERSON⁴ ERITSLAND (*PEDER³ OLSEN, OLA² LARSSON, LARS HANSON¹ SIGGJARVÅGEN*) was born 07 Nov 1864 in Eritslund [farm], NORWAY [Finnås parish, near Bremnæs, on Bømlo], and died 02 Jun 1930 in Leslieville, AB, Canada. He married ANNA MARIE HANSDTR ALVSVÅG 25 May 1889 in St. Paul, Minnesota (Ramsey County), daughter of HANS ALVSVÅG and ÅGOTA FYLKESNES. She was born 30 Apr 1867 in Alvsvåg , NORWAY [Finnås parish, near Bremnæs, on Bømlo], and died 03 Dec 1963 in Alhambra, AB, Canada.

Notes for LARS ANDREAS PEDERSON ERITSLAND:

[Note: Erslund/Eritslund and Alvsvåg -- where Lars & Anna Marie came from, respectively -- are on the island of Bømlo. Both are near the town of Bremnæs, in Finaas parish, on Bømlo, which is in Hordaland fylke [region? county?] in western Norway. As of 2001, there is a bridge connecting Bømlo and the next island, Stord, to the mainland near Bergen.]

Lars emigrated from Norway in 1889. His brother Peder came in 1893.

Note written by Lars' daughter Hilda Eritslund Stratton - copy sent by Betty Wulff 1998: "Papa's father was Peder from Eritslund place in Norway. Norwegian custom was to call the children by father's name which made papa Pederson - but in Iowa there were so many Pedersons/Petersons & so on that their mail got mixed up. When Uncle Peder and Papa bought land in Minnesota they decided on Eritslund the name of the farm they came from in Norway. Our cousins in Madison Wisconsin knocked the "IT" out of Eritslund and called it "Erslund". [Note: these are simply alternate spellings for the farm name, and both spellings are in use in the family back in Norway today. Konrad Eritslund wrote in 1969, "In the churchbook for Finnås parish in 1858 the farm name Eritslund is written as Eritslund, Eritzland and Erritzland." A chapter on "Erslund" in a book tracing ownership of Bømlo farms also gives other spellings dating back to 1519: Ericksland, Eresland, Ericklanndt, Erichslanndtt, Erichslannd, Eridslund, Erisland, Errisland, Eridtzland, Eridslund, Eriitsland, Erridtzland, Erridsland. Since 1890 it has been Erslund.]

Alma (Eritslund) von Tettenborn wrote: "My father Lars Peterson, came from Norway the next year [1889], my mother probably helped him as her sister had helped her. They were probably engaged before either left Norway. They went to the same church in Norway and were in the same confirmation class, but did not attend the same school. If they had, my father indicated, there would probably not have been any romance. In Norway the 'Gaars' or farms had been subdivided until they could no longer be. The land always went to the oldest son, in this case Ole. My father apprenticed for 4 years in Bergen, learning the craft of painting and interior decorating, which craft he followed in America between bouts of trying to farm, at which he wasn't too successful. For his 4 years apprenticing, besides his necessary food and clothing, he received the grand sum of \$32.00.

"He probably followed a similar route to my mother's [see Anna Marie's entry: by ship from Bergen to Hull, by rail to Liverpool, and from there by ship to New York -- a typical itinerary for thousands of Norwegian emigrants] but I have no record of ships' names. On arriving in New York he knew no one, and understood no English. Undaunted he set out to knock on every door and ask, "Can you speak Norwegian" -- in Norwegian, of course. As luck would have it, he met with success on his first attempt. Arriving in St. Paul, he probably worked for a while, then he and my mother were married in St. Paul May 28, 1889. That fall they went back to Ridgeway - lived there till 1901 or so.

" I remember seeing a reference about Peder and Lars working for farmers in the Marshalltown, Iowa area right after they came to the USA. Later, Peder was living in Decorah, Iowa for awhile. " email from Ron George, husband of Peder's granddaughter Gail (ie Violet's son-in-law) May 2002)

Lars became a US citizen on Oct 1, 1895, "abjuring all allegiance and fidelity to every foreign prince, potentate, State and Sovereignty whatsoever, and particularly to the King of Norway and Sweden." [his granddaughter

Carol Eritslund Wait has the original document]

More from Alma's narrative: "Children born in Ridgeway: Lydia (died), Lydia, Hilda, Oscar, Emma, Paul. Then they moved to Nassau, Minnesota, where they had 4 more children: Ida, Agnes, Alma & Esther.

"In Nov 1909 they moved to Eugene Oregon, then in July 1916 to Alberta Canada. In Eugene they had a 100 acre farm, and 2 houses in the city, but one was small. This they traded, sight unseen, for 2 quarter sections in Alberta.

"My mother enjoyed telling that after they were married, my father had 3 cents left in his pocket. He had wages coming at the end of the week, but it made a good story anyway."

email from Betty (Lowe) Wulff, Jan 2002 [info she got from Hilda (Eritslund) Stratton[: "In Ridgeway, Iowa Lars did housepainting and interior decoration--wall papering, special paint finishes--using feathers and rags and spattering by flipping paint brushes, -- which are all the rage right now, again!" Betty also gave more information about how/why they moved to Eugene and then to Alberta -- see Anna Marie's entry below.

Notes for ANNA MARIE HANSDTR ALVSVÅG:

Her great-grandniece Brit Lankaas (granddaughter of Anna Marie's youngest sister Lydia Kristine, in email message from Norway February 2002] says " We used to call her [Anna Marie] only by one name, Marie, and that was the name she also used herself in her letters to my grandmother." Anna Marie's daughter Alma (Eritslund/von Tettenborn) confirmed this: "Apparently my mother was always called Marie."

Alma wrote: "She came to the USA in 1888 [a year before Lars] but they were engaged in Norway. They took up residence in Ridgeway, Iowa, where they lived about 13 years."

Betty (Lowe) Wulff forwarded a note written by Hilda (Eritslund) Stratton:

"Lars Pederson and Marie Hanson met as teenagers when they went for religious instruction at their church. Lars was then apprenticed to learn the painting trade -- had a year to finish. My Aunt Johanna -- my mother's sister -- had gone to America in 1887 or 1888 -- auntie was disappointed in love. Their mother said it would be better if the two of them (my mother and my aunt) went over together. Whether they left at the same time I don't know. Anyway I can only know that papa and mamma were married in 1889 - they lived in St. Paul Minnesota for a while then moved to Iowa, to a place a couple of miles north of Ridgeway - Iowa -- Mamma had worked there with Auntie the year before."

Earlier in the same note Hilda says "Papa's father was Peder from Eritslund place in Norway. Norwegian custom was to call the children by father's name which made papa Pederson -- but in Iowa there were so many Pedersons - Petersons & so on their mail got mixed up. When Uncle Peder and Papa bought land in Minnesota they decided on Eritslund the name of the farm they came from in Norway. Our cousins in Madison Wisconsin knocked the IT out of Eritslund and called it Ersland."

Alma Eritslund wrote: "My mother's mother [Agota] had brown eyes and wavy auburn hair. Her father's eyes [Hans] were very blue. All the children had hazel eyes. When my mother was still a young girl, her father died. My mother said she overheard her father and mother talking before he died. Evidently they had been much in love and had vowed never to marry any other, but since there were so many children, he advised her to marry again, which she did later.

Alma also wrote: "My mother said she had scarlet fever when 10 years old and 'died.' At least everyone thought her dead, though she was aware of what went on. She said they even measured her for her coffin (all home-made

then.) I don't know how they discovered she was not dead. Anyway she grew up to raise a large family and live to be almost 97 years old.

"My mother came to America in the spring of 1888 on the ship 'Eldorado' from Bergen to Hull, England one or 2 days, arriving on a Saturday, then by train to Liverpool. She admired the fields of England, such a contrast to rocky Norway. After a week in Liverpool, left on a Saturday morning on the ship 'Etruria' came to New York on a Sunday night one week later. Came by train to Ridgeway, Iowa, May 6 where her sister Johanne was already working at Aakre. Johanne had come over at least a year before. I heard a rumor she had left Norway because of a disappointed love affair, but am not sure. Anyway, Johanne probably helped with her fare. Aakre was not a town but a family, fairly enterprising and well to do. / After a few weeks my mother went to St. Paul Minnesota and worked (housework) for about a year." [see continuation on Lars Andreas' entry]

Alma continues "... he [Lars Andreas] and my mother were married in St. Paul, May 28, 1889. That fall they went back to Ridgeway (Winneshiek County) - lived there till 1901 or so. [Note: in 2002, according to <http://www.usacitiesonline.com/>, Ridgeway had a population of about 295 (127families); so who knows what size it was in 1901!]

"Children born in Ridgeway: Lydia (died), Lydia, Hilda, Oscar, Emma, Paul. Then they moved to Nassau, Minnesota, where they had 4 more children: Ida, Agnes, Alma & Esther. [Nassau is about 4-5 mi north of Marietta, MN]

Note: apparently they moved first to Marietta -- where they lived with Anna Marie's sister Johanne and husband Andrew Dahle before buying Peg Lake farm in Nassau in 1902. (email from Iris Nast, May 2002 -- based on note written on photo of the house they lived in in Marietta, by Kimary Nast when she visited that house and the Nassau house in August 1982 with Mel and Myrtle Dahle.)

more from Alma: "In Nov 1909 they moved to Eugene Oregon, then in July 1916 to Alberta Canada. In Eugene they had a 100 acre farm, and 2 houses in the city, but one was small. This they traded, sight unseen, for 2 quarter sections in Alberta.

"My mother enjoyed telling that after they were married, my father had 3 cents left in his pocket. He had wages coming at the end of the week, but it made a good story anyway."

email from Betty (Lowe) Wulff, January 2002: "the house they lived in in Nassau still stands, well kept by owners who welcomed us in to see the 'L.P. Eritsland' carved on a basement ceiling beam. He has shown others who came to ask, and has kept the beam that way. Nice man....

"Anna Marie had been a house maid, cook, laundress, seamstress, babysitter, etc. etc., as all good Scandinavian immigrant ladies generally were, but she stopped to "look after her man and have a family herself." They bought a farm at Nassau, Lac Qui Parle county, Minnesota, and moved there, had the four more children, and attended church in Marietta, MN.

In 1909, when Esther was a 4 month old baby and Alma just 2 1/2 years old, and Ida only 6 years, they sold the Nassau farm, had an auction, and moved to the city of Eugene, Oregon, living near the University there. A minister friend from Minnesota recommended that they purchase a farm 9 miles out of Eugene, as he had a farm there also. He wanted Lars to lend him \$1,000.00 but instead Lars offered to purchase the ministers farm, and they made a deal. They travelled into Eugene by train, but only lived on the farm for two years until they rented it and purchased two houses in Eugene. They lived at 855 Agate St., but these numbers have now changed to 1355 - Agate Ave., but the house is long gone from that address now. In 1916 they "traded" ?? the two houses and farm for two quarter sections of farmland at Leslieville--North of Alhambra, AB. When I asked, "Why?" I was told that John Eggen, (who turned out to be my mother's brother-in-law, because he was married to Clara Lowe, my papa's only sister) and his father-in-law, Per or Peder H. Lowe (my paternal grandpa) convinced Lars and Anna Marie to come up to Blackfalds and work for John Eggen and make some \$\$\$\$ for three months. Lars liked it around central Alberta, made the deal to buy the Leslieville place, and went down to bring his family up by train. Anna Marie and the four younger children came, coming across the "line" at Kingsgate (BC), where they first met with the wee pest called, mosquitoes, and 'bulldog' flies, also called "horseflies." They had never had them down south.... Anna Marie died December 3, 1963--96 years of age, and with Lars is buried in the Leslieville Cemetery, 1 mile E and 1/2 mile S of Leslieville, Alberta. I have a clear picture of their headstones--quietly resting under the branches there." (all in Jan 2002 email from Betty (Lowe) Wulff, granddaughter of Anna Marie]

Document on microfilm in the National Archives in Ottawa says that Mrs. L.P. Eritslund entered Canada at Kingsgate B.C. by train on July 12, 1916, accompanied by Paul, Ida, Agnes, Alma and Esther, travelling from Eugene Oregon to Blackfalds Alberta. The declared value of their cash and effects was \$150. The document has some errors: it spells "Alma" as "Elma," and though Paul's age is correctly given as 15, the girls' ages are confused. Ida was 13 at the time (given as 11), Agnes was 11 (given as 9), Alma was 9 (given as 7) and Esther was not quite 7 (given as 8). However, the date and port of entry at least is presumably correct, and matches Betty Wulff's report.

Her granddaughter Carol Wait (Oscar's daughter) says Anna Marie drove to Chicago in 1954 with Oscar, Mildred and Carol. "Yes Grandma was with us in 1954. She didn't go to the Madison reunion [Eritslunds] with us. We had gone to Chicago to visit Esther and family and went to Madison from there. Grandma thought she would be too tired and it was extremely hot in Chicago. She wanted to stay at the farm with Aunt Lydia."

There is a photo from 1956 -- the year Anna Marie was 89 (published in Red Deer paper, Carol Wait has a copy) of a 5 generation photo taken in Minneapolis. The photo has Anna Marie, Lydia, Agnes (Aggie), Joan, and Diane Dooley as a baby. (Diane was born July 1956). It says Anna Marie moved to Alhambra five years before, ie 1951.

Hilda Marie (Pederson)Eritslund Family Stratton
written by Lucille Stratton

"When Mom was visiting us in 1983, she mentioned that she would very much like to go to Fort Columbia where Dad was stationed when they were married Nov, 24, 1917. Whenever she would say she would like to go back there on their various trips, he would say "why would we want to go back to that godforsaken place?" So Mom and I went. This was the first time she had been there since leaving for Eugene, Oregon in March 1918. Dad had already gone to the Presidio of San Francisco and embarked to Europe in January 1917. Mom and Dad were married in the Astoria Hotel in Oregon and took the ferry 'Chisholm' to Megler, WA. Richard and I had taken the very same ferry in 1953 when we went to the motorcycle Gypsy Tour at Long Beach, WA. Then too, we as a family and our dog 'CoCo' were on the (Chisholm Ferry)on it's last run before being commissioned to Viet Nam.

Mom showed me where they first lived on the Fort in a two story duplex. Then we went up the street to the house where the commanding General had lived, which was now a museum. Mom was especially pleased to be able to

tour the house and be in it for the first time. Our next stop was the command post where Dad had his office as battalion Sgt. Major. Mom was Post Mistress in the same building across the corner from Dad's office. When Mom and I went back up to Fort Columbia in 1986 these buildings were closed. We also went up the coast to the town of Long Beach and stayed over night in an old hotel. This was also the first time Mom had gone across the bridge at Astoria. The hotel where they were married had burned to the ground or bay in the 20's.

Hilda Marie (Eritsland) Stratton - 1894-1988 - 94yrs Born in Ridgeway, Iowa, April 22, 1894, second daughter of Lars and Anne Marie (Peterson)Eritsland (name change after Oscar started school?) The family moved to Nassau, Minnesota?(date)moved to Eugene, Ore?(date)lived on a farm near Fernridge in Spencer Creek area then a house on Agate St. Grandpa was a house painter - Interior floor tiler - & wall paperer (did a floor for a church in Eugene, Fairview Hts.)

Family emigrated to Leslieville, Alberta in 1911. Mom & Aunt Emma stayed in Eugene, to finish High school. Mom graduated in 1913- attended Normal School in Portland, Ore.

summer of 1913, taught Trapp family in Spencer Creek home. Attended Normal School in Portland in 1914 (said the sail ships were in harbor in 1913-by 1914 mostly steamships, very few sail ships) continued teaching Trapp family, 1914-1916 (Trapp family moved to Mackenzie River area.)(Emma graduated & went to Alberta to join Family) Trapps were on the School Board of Deadmans Ferry School - asked Mom to apply for the job there. [note -- these dates can't be right. The family emigrated to Alberta in 1916, and to Oregon in 1911-- L.A.]

She and Emma took the ferry across the river to see the school and apply for the job. She met Dad there, he brought the ferry across from other side. The Strattons ran the ferry and Grandpa Stratton was on the School Board, (They also boarded the teachers, but Dad's Mom had passed away that summer). So when Mom was hired she boarded with Mrs. Patterson across the road from the school, her little house is still there on riverside. (White school on hillside, now gone, was there in 1950) Mom taught school there Fall 1916 to June of 1917.

Uncle Paul had written Mom about a school position at Bingley 2mi. north of their farm, so Mom came to Alberta to take the job. She lived at home and walked, or rode horse. She was caught in a very bad blizzard, Grandma came to her rescue, that was enough for her. She had been corresponding with Dad - he was so disappointed that she had left for Canada without consulting him. He had been in the Oregon National Guard for years. Training at Ft. Stephens in Oregon. Then World War I was declared he was stationed at Ft. Columbia, Washington. Wrote Mom to come back to the States (Nov. 1917) and marry him before he was shipped out to fight overseas in Sp. of 1918. That Blizzard was enough for Mom - she quit her school job, took the train to Vancouver, then on to Astoria, Oregon. They were married Nov. 24th 1917. took the ferry to Ft. Columbia in Washington. Dad was a Sargent Major, his office was in the front right corner of Bldg. & Mom's Post Mistress job was in the opposite corner of Bldg. He left in Jan. & it was 3 months. before they got a replacement for her at Post Office She went directly to Eugene, Or. to live with Grandpa Stratton to await the Arrival 1st born Julia Marie, Sept 17th, 1918 at Aunt Blanch's (Dad's Older Sister)home on Coburg Rd. (Still There) War was over Nov 11th, 1918, but Dad was not out of service till 1919 at Ft. Lewis, Wash. He remained in the Oregon National Guard as a 1st Lieutenant till 1922. Marcia Lillian was B. at Aunt Blanche's in March 16th, 1922 - Victor Lionel, March 8th 1924, at home (Dad Built home on hillside across road from Stratton Farm (no longer there, but was there in summer of 1950)

Grandpa passed away in 1925. David Edwin, B. Nov 28, 1928. Dad bought 160 acres land in Willakenzie area across the river. They sold the home on the hill and lived in a granary across from the Willakenzie School. Then sold that place & lived on Uncle Pat's & Aunt Gladys house next to the Hop Dryer Bldg. when David was 2 yrs old. The Older brother Victor and Sister's Lillian & Julia attended Willagalespy School till June 1931. Grandpa Lars, in Leslieville passed away in 1983.(date)There happened to be an unclaimed homestead 1/2 section next to Grandma's & Uncle Paul's farm. Dad had heard from other Oregonians who had settled in Alberta, about the great amount of grain you could get per acre from first breaking & so was persuaded to come to Alberta and claim the homestead.

Also would make a good combination of one section. So they packed up the Family in July 1931, emigrated to Leslieville. Mom driving a 1928 Dodge Sedan w/trailer, Dad with a 1928 or 29 Maxwell Flatbed truck loaded with furniture & complete sawmill equipment.

Grandma was then in Minnesota, with Aunt Lydia, helping her with Gerald, B (date?). I was B. Nov. 8th 1931 Grandma was home then, Cousin Esther (Uncle Oscars oldest) was living w/her. Dad was hunting Moose with a

neighbour, Uncle Paul had taken everyone else to a Chautauqua 1 Program in Leslieville. When they came home Esther & Julia implored Mom to name me Lucille after the Star of the show. (Esther told me this story when we had the family Reunion in 1983) So Mom said "Alora" (for Alberta & Oregon), Lucille. When Dad registered my birth the next day, he didn't know how to spell Alora, so he put in Alma instead, after Mom's sister.

The homestead property was mostly swamp. Dad had a job hauling gravel (put a box on truck.)for the new highway (correction line) from Red Deer to Rocky Mountain. House. He found out that the Railroad 1/4 section at Condor was for sale (sloping land), bought that & moved everyone over in the Spring of 1932.Needed to clear brush & build a house & barn.

Julie went back to Oregon to finish high school. lived with Aunt Blanche. The Twins, Daniel Parke & Douglas Demora, were born on the farm March 4th 1934. Aunt Blanche, Uncle Ed. & Demora brought Julia home & she called them her two Doll Babies.

Uncle Oscar & his family lived with us on the farm with Bernard, Dorothy, & Marie before Lawrence was born. B. & D. went to first grade in Condor School. Lillian & Victor attended Condor school. Aunt Blanche , Uncle Ed. & Edwin visited us in summer of 1937. When war broke out in 1939 Victor joined the Army in Feb. 1941. Julie & Lill went to U.S. so Lill could go to High school. They met Victor in Innisfail bus from Uncle Oscar's before he was shipped out for England after basic training.

Memory of Hilda Marie (Eritsland) Stratton
- Submitted by Melinda (Stratton) Tillotson

What sticks in my mind the most about Grandma Stratton is that she is the only person who really made me feel like it was okay to be smart and she encouraged me. I know that may sound funny and I don't want to be negative about anyone else, but when I think of Grandma I think of her as being that one person who made me feel good about my "intelligence". That's probably her school teacher background. I also remember her telling me about flowers and birds. When we would take walks - regardless of where it was - on mom & dad's property in Auburn or around her neighborhood in Red Deer she would tell me the names of the different plants/flowers we saw or point out the different kinds of birds. I also remember her being a bit of a "packrat" her house in Red Deer was full of STUFF - mostly STUFF that really needed to be thrown away. I remember her Norwegian outfit - I borrowed it once to wear for international day at high school. (I will see if I can find both pictures - one with Grandma wearing it and one with me wearing it). I remember her kind sweet face.

4. OSCAR BERNARD (PEDERSON)⁵ ERITSLAND (*LARS ANDREAS PEDERSON⁴, PEDER³ OLSEN, OLA² LARSSON, LARS HANSON¹ SIGGJARVÅGEN*) was born 06 May 1896 in Ridgeway Iowa, and died 24 Dec 1971 in North Vancouver B.C.. He married (1) BERTA KRISTINE KRISTENSEN 21 Mar 1918 in Chicago, daughter of KRISTEN MANGER and SISSELA REINERTSDOTTTER. She was born 24 Mar 1892 in Bremnes, Bømlo, Norway, and died 27 Apr 1922 in St. Elisabeth's Hospital, Chicago IL.. He married (2) MILDRED JENNY MCGRATH 20 Sep 1927 in Trochu, Alberta. She was born 02 Mar 1909 in Carbon, Alberta, and died 20 Apr 1985 in Lethbridge Alberta.

Notes for OSCAR BERNARD (PEDERSON) ERITSLAND:
[Narrative by his daughter, Carol (Eritslund) Wait]:

1914-1915 - Oregon National Guard - Honorable Discharge
1916 - National Guard, State of Minnesota - Honorable Discharge
1917 - United States Army - Honorable Discharge

He was trained as an electrical engineer in the U.S. army. While in the Army he was stationed in Texas along the Mexican border. At that time he got malaria which affected him all of his life. He never went overseas as he got the flu of 1917 and by the time he was over that the war was over.

He married Bertha Christensen about 1918 in Chicago. They had a daughter Esther, who was raised by her Grandmother Anna Marie Eritslund after Bertha died in a fire in Chicago in 1922. Dad's hands were burnt trying to get Bertha out of the fire.

He worked as a taxi driver in Chicago before he came to Canada. He was with the taxi drivers when they started

the union, and if they had not changed their meeting place, well that would have been bad, as it was the garage where the St. Valentines massacre took place.

Dad always said he was never without a job during the depression of the 1930s, he just never got paid. He travelled throughout Alberta showing motion pictures. He owned Eritslund and Holmes Auto Repairs and Service in Rocky Mountain House. Once in a while he would get a chicken or something for gasoline etc at the garage in Rocky.

He also belonged to a semi - professional baseball team. I think he was the pitcher. He had many awards for Marksmanship, usually came in 1st in competitions. I don't know who has these award badges.

From 1942 - 1945, he taught Airplane Mechanics to Canadian and British Air Force personnel who were going to England to maintain the Air Force fleet during WW 2.

When we moved to Lethbridge in 1945, Dad worked at a garage that went out of business. The owner couldn't pay Dad his salary so gave him some furniture instead. I don't know how he managed to feed us all at that time. He then taught auto mechanics at the Lethbridge Collegiate institute (1945 - 1961). There was no course in mechanics at that time and he convinced the school board to develop one. In the summers he went to University to get his teachers certificate. The LCI was located on the North side of Lethbridge at that time. In 1949 the new Lethbridge Collegiate Institute was built at 7th Ave and 15th Street, on the south side of Lethbridge. Dad organized the shops, mechanics, electrical and woodworking.

From 1961 - 1962 he taught Auto Mechanics in Westlock Alberta; he retired due to illness

Dad was an avid hunter. We ate a lot of ducks, pheasants and partridge but he never did bring home a deer or moose or an elk. I used to tease him that he would rather let them go than shoot them. He also liked to fish, especially for trout. We spent a lot of time around Pincher Creek and in the Kananaskis fishing.

He belonged to the Fish and Game Association in Lethbridge and wrote several articles for their magazine. He was also instrumental in setting up the shooting range in Lethbridge so that people who wanted to target practice could do so in a safe place. When he was in the U.S. Army he was considered to be a sharpshooter.

[in a Jan 2002 email message, Carol Wait commented on his death in 1971, age 75]: "Mom and he came out for a Christmas visit and were staying in North Vancouver with Rosalind. They both came down with a terrible flu. Dad phoned me Christmas Eve day and was very upset: [his sister] Esther had died [on December 19], and he said he wouldn't be around long either. One of Rosalind's twins took Dad to the hospital and he died there. They did an autopsy as he was from Lethbridge [ie not a resident], and discovered he had diabetes. They were amazed he had lived as long as he did. "

email from his nephew Don Lowe, Jan 2002: " Lorna, Larry and I attended Oscar's funeral in Lethbridge. The cemetery was cold, windy, no snow, on the NW side of Lethbridge."

Notes for MILDRED JENNY MCGRATH:

"Jenny" after her father's sister.

Her daughter Carol Wait writes (email June 2002): "My grandfather [Mildred's mother] was born into a very wealthy family in Ontario. He would ride around the town in his own buggy with his own team of horses, wearing white gloves and a top hat. They had a huge house there, I have never seen it. When he married my grandmother he was disowned. Grandma's family moved west and talked (some say pushed) my grandparents into going and Grandpa was disowned. He was given \$200.00 (a lot of money in those days) and was told to get lost (it seems his mother visited them out west though). Since my grandfather was so spoiled he didn't know how to work or run a business or anything so they were very poor. Mom started cleaning house and taking care of her baby brother when she was around 4. My aunts and uncles all say that she raised them. When she was 12 she was sent out to do housework to support the family. She never saw my grandfather except on payday and never was able to keep any money for herself. She did say she was fortunate as the people she worked for were very kind. The lady (I don't remember her name) taught mom how to cook, sew, crochet, knit and keep house better. Later on (not sure of the year) my grandparents owned a hotel and cafe in Swalwell where my Mom was the chief cook (only cook) bottle washer etc. They lost the hotel as grandpa kept feeding people for free and had no sense of business. So they were very poor all the time. Then she married dad and the depression hit. She wasn't "worldly" hadn't been anywhere until she met dad but she sure knew a lot and was as sharp as a tack."

5. EMMA LILLIAN (PEDERSON)⁵ ERITSLAND (*LARS ANDREAS PEDERSON*⁴, *PEDER*³ *OLSEN*, *OLA*² *LARSSON*, *LARS HANSON*¹ *SIGGJARVÅGEN*) was born 14 Apr 1898 in Ridgeway, Iowa, USA, and died 01 Dec 1986 in Camrose, AB. She married (1) ANDREW THORSON HJORTAAS 27 Nov 1918. He died 31 Oct 1951. She married (2) GERHARD BENJAMENSEN 06 Aug 1954. He died 1967.

Notes for EMMA LILLIAN (PEDERSON) ERITSLAND:

Emma started school in Nassau, MN. A few years later the family moved to Eugene Oregon where she completed her high school. Due to the shortage of teachers during the First World War, Emma was asked to teach school for a short time which she did on a permit.

Once again her family moved, only this time it was to a new country, Canada, where they settled at Leslieville

Alberta. Emma taught for one year at a small school named Bingly, northwest of Leslieville.

Emma met and married Pastor Andrew Hjortaas on November 27, 1918. They adopted a baby girl Frida shortly after being married. Pastor Hjortaas was serving at Sylvan Lake when in 1922 they decided to move to Macrorie, Saskatchewan where he served a 3 point parish for 2 years. Emma was very involved with her husband's work, playing either the piano or organ for as many as 3 services a Sunday, plus whatever other jobs that she thought only she could handle best.

Pastor Hjortaas married and baptized many in this Eritsland family.

In the early days they used horses to get around and later they had a "Reo" car. One time Andrew was late coming home and Emma was her usual worrisome self. She said to Frida, "Wonder why Dad is late?" Frida said, "It's OK, Mamma, Daddy is bringing a new car home." Emma just thought what an imagination you have, Frida - but lo and behold a couple of hours later, Andrew drove in with a new car.

During the early 1940s Emma and Andrew raised two children for 3 years, Arnold and d Sonja Schulkes, until their Dad could resume taking care of them. They remained in touch with Emma until her death. Arnold lives in London, England, and Sonja lives in Oakville, Ontario.

Due to Andrew's poor health they moved to Calgary in 1947. He passed away in 1951.

In 1954 Emma married Gerhard Benjamsen and moved to Camrose. He died in 1967.

Emma had many interests and hobbies. She sewed all her own and Frida's clothes plus Andrew's shirts. She knitted, crocheted, and did embroidery. She also loved her flowers. Emma played both the organ and piano, sketched and painted and was very active in Ladies Aid organizations. She often had to be resourceful and a good manager especially when her husband's salary wasn't paid on time and during war time rationing. She did often comment that everyone was in the same boat, most people didn't have much.

Another pastime Emma loved was writing letters to friends and family.

After moving to Camrose she and Frida made many good and lost lasting friends. In fact at her 80th birthday party there were at least 50 people gathered. It was actually held at the hospital as she was a patient at the time. Emma lived in her own home until 1979; then she moved into Heritage Manor where she lived until shortly before dying in December 1986.

Frida resided at Bethany Nursing Home in Camrose for 21 years and died in 1996.

- i. GORDON ANDREW⁶ LOWE, b. 30 Apr 1924, Blackfalds, Alberta (Lowe farm); d. Sep 1940, Lacombe AB (burst appendix).

Notes for GORDON ANDREW LOWE:

died age 16. Betty Lowe Wulff (sister) writes, "Gordon died of a burst appendix in the Lacombe hospital,

during harvest time. He stayed home from helping thresh grain at an uncle's (Papa's brother.) because he had a 'stomach ache.' He thought it would go away so he rode to school with the rest of us in the horse and cart. He kept singing, 'My stomach hurts, my stomach hurts,' all the way to school in time to Dolly's trotting hoofs. We got there early, so played a round of softball, but he lay down in the early sunshine on the grass near the ball diamond and went to sleep. When roll was called someone said, 'Gornie is here, but he is asleep on the grass out by the ball diamond, because he has a stomach ache.'

Teacher said, 'Well, go wake him and tell him he can go home on his bike.' Someone did, and he did, and he lolled around home, eventually going upstairs to bed with his stomach ache. When Papa came home, Mom said, 'We better take him to the hospital in Lacombe.' Later she told us that part way there he suddenly said, 'Ohhhh ! It just quit hurting! Let's go home!' But they continued until he was eventually examined by the doctor and put to bed. The doctor had misgivings, and 'Gornie' soon began to feel awfully cold. Mom said she put extra blankets around his feet and rubbed his legs, but he just faded away and died. We were all devastated and it was pure awful around our place for weeks!"

- ii. EDITH MARIE LOWE, b. 04 May 1925, Blackfalds, Alberta (Lowe farm); d. Oct 1941, Lacombe AB.

Notes for EDITH MARIE LOWE:

Betty Lowe Wulff (who was 7 when her sister Edith died at age 16) writes, "Edith had just begun grade 10 in Lacombe and was 'working for her board and room' for a family there. I heard later that she became unusually tired, very tired one weekend while she was home, so off they went to the doctor. She was diagnosed with rheumatic fever, kept in hospital for months of rest --- seemed like years -- while she just got worse and worse, until her heart was greatly enlarged, feet and legs swollen, etc. etc. She died of rheumatic fever. Ironically, a few months later penicillin was developed--a quick cure for such ailments. I recall Mama running outside shouting, crying, 'They have invented a new medicine that would have saved Edie! !! Tooo late, tooo late!' ... Edie was like a mom to me, fussed over me and primped me up, cut my nails, washed my hair, and tried to get me to quit sucking my fingers. She taught me to ask, 'Whadyanojoe??' whereupon she would answer, 'Idononothin!' and we would laugh. It was a popular saying around that time, I think--a hit song. Anyway, we could not enter the hospital to visit her at bedside during those days, so we had to visit through the screened, second floor window. Edie would call to me, "What do you know Joe?" and I would answer, "I don't know nothin." and we would laugh at that. While hospitalized, Edie wrote a poem about a robin she witnessed on the hospital lawn. Mom sent it off somewhere and it was printed, I think in a farm newspaper. "

Here is Edith's poem, "From my Bed" [provided by brother Don Lowe]:

Out on the green of the hospital lawn
 A quiet fat robin bounces along.
 From my bed by the window I watch as he hops --
 But now, with a jerk, he suddenly stops.
 Tail braced, listening, head cocked to one side,
 Bright eyes, fixed intently, having suddently spied
 Some moving thing. In an instant he dives
 And brings up a worm which he swallows alive.
 This is repeated oft times in my sight:
 I sigh for the worms who [are] in such a plight.
 I shudder to think of Rob's murderous zeal --
 But Redbreast's now chirping, he's finished his meal.

Taught at Blindman Valley school district before she was married. (This school was founded in 1907 and operated until 1949 when the students began being bused into Rimbey -- source www.rootsweb.com/~abponoka/sch-blindmanvalley.htm]

"When Mavis and I were about 9 and 10, someone came to visit us in his own little plane at Hinton (when we lived at Brule.) He took Dad up for a ride, but Mom wouldn't go, even though I tried to encourage her to go. 'Why don't you go, Mom, it would be great!' (I wasn't asked if I wanted to go; I would have!) Years later, Joan, Cecil's wife, told me the rest of the story. When Mom told her about the incident, she said, 'I have no business going up in an airplane. I have little children to take care of.' It sure gave me a lot of insight into Mom, and always helped me to make wiser choices about myself when I had little children." 25. ESTHER MILDRED⁶ ERITSLAND (*OSCAR BERNARD (PEDERSON)⁵, LARS ANDREAS PEDERSON⁴, PEDER³ OLSEN, OLA² LARSSON, LARS HANSON¹ SIGGJARVÅGEN*) was born 03 Oct 1919 in Chicago, IL, and died 17 Jan 1992 in Woodstock, IL (in hospital). She married HARRY GEORGE MACHEROUX 15 Oct 1940 in Chicago City Hall. He was born 13 Nov 1913 in Milwaukee, Wisconsin, and died 25 Mar 1994 in Woodstock, IL. (in nursing home).

Notes for ESTHER MILDRED ERITSLAND:

[email message from her son, Larry Macheroux, in August 2001]: "My Mother was Esther Eritslund Macheroux. She lived in the area of Rocky Mountain House while she grew up and was raised by her grandmother and some aunts. She then returned to the United States and lived in Chicago with an aunt. This is where she met my father, Harry Macheroux. My mother passed on in 1992, and my father in 1994."

Immigration document for Esther Mildred Eritslund in Canadian National Archives in Ottawa (microfilm) is dated Jun 9, 1923. She came by train from Chicago -- crossing the border at Coumts, Alberta -- with her father [Oscar]

when she was 3 1/2. Under "particulars" the form says "This child entered Canada with her father, Oscar B. Eritslund, on a visit to grandparents Mr & Mrs. L. P. Eritslund, now located on a farm near Leslieville Alberta. Owing to the death of this child's mother, the grandparents have adopted her." [note: this was not a formal adoption]

(Email from Shirley Stollings Whitelaw, Sept 5, 2001) " 'Little' Esther lived with Grandma [Anna Marie] and Grandpa (Lars) Eritslund...until she was 12. She was like a little sister to Agnes, Alma and [my mother] Esther who was only 10 years older. She was there when Grandpa died in 1930, when she was 11. Her father [Oscar] had remarried [Mildred, in 1927, when Esther was not quite 8.] Esther lived with them in Innisfail until she was 16, and then went to live with her aunt in Chicago. She told me that her aunt had a pub and that they lived above it, and that she didn't think Grandma Eritslund would have been very pleased, and so she never told her that. The Eritslund girls were very good to her and she felt they were her family. That explains why they would come all that way every year to visit us. I didn't understand that until I was grown up. She really missed them when she got to Chicago. "

Esther visited Norway with her aunt Elen Gurine Kristensen -- the one she lived with in Chicago -- in 1972 [emails from her son Larry Macheroux 2002] Gurine became ill on the trip and Esther had to get her home to the US, paying for extra plane seats so she could lie down. Gurine's son (Esther's cousin) did not appear to appreciate the effort Esther had gone to and did not compensate her for the extra plane fare.

[email from Larry Macheroux, Feb 2002]: "My Mother's [half-]brother Bernard died January 10, 1992 [a week before she died]. My mom was sick at the time herself but I think when she learned that he had passed away it broke her heart. She asked me to take her to town so she could send a card and some money for the funeral. I told her she should go to the hospital, which she did, on Monday. She seemed fine to me, but she asked my wife Mary to get her a new dress, which she had not had in a very long time. Mary called me at work and said the hospital had called saying we should get there right away. I left and went to pick up my Dad, but it was too late, she was gone....Both my parents are buried in Memorial Park Cemetery, Woodstock, IL. which is almost right across the street from the first farm they lived on, which is now gone: a large factory is there now."

Harry lived two years after his wife Esther died. "He fell and broke his hip, and then had a stroke. I saw him every day, both at the hospital and the nursing home, and was with him when he passed away. I had made my peace with him, but not with my mother, because I was not there when she died." 31. PETER HERBERT⁶ LOWE (*IDA ALICE*⁵ *ERITSLAND*, *LARS ANDREAS PEDERSON*⁴, *PEDER*³ *OLSEN*, *OLA*² *LARSSON*, *LARS HANSON*¹ *SIGGJARVÅGEN*) was born 01 Jun 1926 in Blackfalds, Alberta (Lowe farm), and died 06 Jun 1996 in Brisbane, Australia. He married LISBETH PYMAN BINNS Abt. 1967. She was born Abt. 1940.

Notes for PETER HERBERT LOWE:

email from Betty (Lowe) Wulff, Jan 2002: "Peter was a surveyor for a Pasadena based oil exploration company for many, many years and accepted many foreign postings, generally for two or more years: here, there, everywhere. He was in almost every country which starts and ends with the letter 'A.' His work involved mapping for the oil crews who followed and drilled for oil. He liked it in Australia--the weather seemed to suit his health--he had lung problems since he was about 16 years old/had half of one lung removed then.

He went to an auction of an acreage outside of Brisbane (Queensland, Australia). It had a big house and a smaller one behind 'for the servants'-- and his bid was accepted. So he became a land owner, and eventually started up his own drilling company. I understand he contracted to drill core samples for the Australian government and anyone willing to pay for this. I heard that he received a citation from the government. He married a fast movin' pretty lady named Liz Pyman Binns and brought her home [to Canada] once. The marriage lasted less than five years. Anyway, Peter got to like it in Australia so much, he stayed for 37 years, eventually dying there. He came home

several times, especially after he sold his business and retired--sometimes staying for six or seven months. He always bawled us all out for not visiting each other more. He just drove from one place to another, and again and again, because he had been starving for family. He just could not figure out how we could go for a week without calling or visiting each other. Absence makes the heart grow fonder ! Often when Mom and Pop were alive, and us "Lowe Kids" got together, Mom would lament--"If only Peter were here too!" because we missed him on his long jaunts away from the family. Finally, before one of his visits home, Don went and painted big black letters on our old yellow garage---"AND PETER TOO!" It is still there for us all to remember how much we gathered together when Peter came home. He (and Don too) always made us realize that it was IMPORTANT to stay connected."

Notes for ELISABETH ANNE VON TETTENBORN:

"I still remember, very early Sept 6, 1946 - we had just had a three-day rain, and I had chosen that very night to sleep on two hard, straight-backed chairs that were lined up in our (then) little living room, when Mom whispered to me in the still dark early morning hours, 'I have to go to the hospital . . .' Four frantic hours later, after getting stuck and digging out countless times on those muddy, ungravelled roads, Dad and Mom arrived at the Rimbey hospital with only 20 minutes to spare before you made your perfect debut! With no phone at home, Bernie and I waited eagerly/anxiously for Dad's arrival home several hours later - that was when we first learned we had a new little baby sister, and we loved you instantly!" Notes for AMANDA KATHERINE ANGUS:

Shades of Iris' story about getting to the hospital in 1946 with only 20 minutes to spare -- you'd think that by 1983 in urban Toronto things would be different? Well, only if Dad (Ian Angus) would have remembered to fill the gas tank. Luckily as we drove down the Don Valley parkway, with me concentrating on my breathing between contractions and Ian watching the gas gauge approaching zero, we did NOT run out of gas and arrived at the Toronto General Hospital just fine -- with about 1 minute between contractions. Arrived on the delivery floor as the ONLY patient that evening, for some reason! And Amanda was born very shortly

thereafter. Ian was in the delivery room and we could see her in a round overhead mirror, emerging -- we remember the first sight of her tiny perfect ear (Source: Mom/Lis/Betty Anne Angus]

Children of LARCE STOLLINGS and EILEEN COCHRANE are:

Notes for SHIRLEY EILEEN STOLLINGS:

Dec 6 1999 - she posted a message to genealogy.com -- name Shirley Stollings Whitelaw -- saying "I am looking for any descendants of Lars and Anna Marie Eritsland who immigrated to the USA in the 1880's and eventually homesteaded in Leslieville, Alberta, Canada. They had nine children. I am the 3rd child of their youngest daughter, Esther. Any cousins? "

email message July 2001 from her: " We have a family reunion every summer the 2nd weekend in July, for our branch. There are 29 of us, including spouses, 20 are direct descendants of Earl and Esther. I wonder how many Eritsland descendants there are? -- I am a Massage Therapist, and have a business in my home, practicing relaxation massage for women. I started this 5 1/2 yrs ago. I finally found out what I wanted to do when I grew up!! My husband, Chalmers, has Fibromyalgia/Chronic Fatigue syndrome. He does some computer work and web sites. I know just enough about the computer to email and surf, and when I have a problem I get Chalmers to fix it for me. "

Sept 4 2001: " We have 5 granddaughters. One of them is the spitting image of my brother Cecil and his daughter Linda, including the mischevous twinkling eyes and sense of humour. My daughter is a carbon copy of me and her oldest girl is a carbon copy of her, and I am a carbon copy of Mom, Esther, (especially as I get older) so those genes are quite strong!" - Shirley

Notes for MAVIS MARY STOLLINGS:

email from her sister Shirley, Dec 22 2008:

Dear cousins,

You will get the news soon that Mavis passed away early this morning.

She had a condition called Multiple Systems Atropy,(your can look it up on Google) the signals don't get to the nerves to move the muscles. It is something like ALS or Lou Gerig's Disease. She had been in a nursing home in Calgary since early May 07. She actually had her 60th birthday in the nursing home. The nursing home was her choice, she didn't want to disturb anyone's way of life or be a burden to her family. Mavis was a very private person, and I didn't tell anyone because of that. I knew that if she wanted anyone else to know she or Warren would tell them.

She gradually became locked in her body, her mind still clear. What a horrible way to go. At the last she only had eye movement, could only turn her eyes left or right for yes or no. They used an alphabet chart for communication. I last saw her in July, she could hardly even use the alphabet chart and we both found it so frustrating to try to communicate. I read to her for awhile and she enjoyed that.

Mavis had 4 girlfriends who were her "hiking group". They came regularly to visit her and feed her ice cream which she loved. After she had been in the nursing home for about 6 months they took her to Banff for a weekend, and then last year in early Dec took her to Kimberley. By that time she needed total care, and it says a lot for them,that they were willing to do this. One friend and built a ramp to her back door, so that they could bring her out for a few hours to visit. She didn't go back home at all after a few weeks in the home as she found that very hard, but she went out on bus trips, while she was still able to enjoy that, and loved to go to her friends house.

He has never left the original home site which he now owns along with 10 other quarters of land. Main crops are wheat, barley and grass (alfalva, meadow brome grass, smooth brome grass, timothy and fescue.) He says he will retire from farming after taking off the 2003 crop. He is an avid hunter and trapper and likes to restore old vehicles and being a farmer he is hoping to be able to market garden in his retirement years (giving awy the produce rather than selling it.)

email message from him August 16, 2001: "My name is Lawrence Macheroux. My Mother was Esther Eritsland Macheroux. She lived in the area of Rocky Mountain House while she grew up, and was raised by her grandmother and some aunts. She then returned to the United States and lived in Chicago with an aunt, and this is where she met my father Harry Macheroux. My mother passed on 1992 and my father in 1994. I had been to Canada only a few times late 40's early 50's with my mom and dad, and with my wife in 1992 when we visited with Shirley [Whitelaw]."

email from Larry to Iris Nast, August 19, 2001: "As you know Esther was my mother, and I was her only living child. She had a still birth in 1960 while I was in the U.S. Navy. I'm sorry to say that I can not remember your visits; also I can not remember my grandfather [Oscar] visiting here. I have a very small memory of David Stratton spending time with us while he attended school. This would have been the house in town. The house in the country you visited is now where my wife and I live. We did redo some things around the home, added bedroom and bath, plus a large family room and a brand new kitchen.

"My wife Mary and I were married Sept 17, 1962. I was still in the Navy and we were stationed both the East coast and West coast before I ended my enlistment Nov 1966. By that time we had three children, and since then had two more -- all were girls. We also are blessed with 8 grandchildren.

"Mary and I both retired in 1997. She after twenty years working for the school district, and I after 30 1/2 years in law enforcement. I spent my last 27 1/2 years with the McHenry County Sheriff's Department. Most of my time was spent as a criminal investigator. We now do what we want when we want. The last four years we have been going to Florida the months of January thru March. Our daughter Kimberly has a home there where we spend our time. Cannot handle the cold any more."

Notes for LAUREL JOAN WHITELAW:

"Laurie and Harald went to Norway in 1990, and he took her to Eritsland. It is spelled Urlsland there. They met relatives on Bømlo (the island where they came from) where Eritsland is, and the relatives took them to the house where Grandma [Anna Marie] was born. It had very low doors. The current residents weren't home, but the people said 'you can go in anyway' but Laurie wouldn't. Then they were taken to where Grandpa grew up, and a barn was pointed out to them as being on the spot where his house had been. They also saw the little lake that they had to row across, and then walk across some land to get to the sea. The relatives there spoke a different dialect from Harald -- it would be like comparing British English to southern US English: similar, but different words and accent. He is from Stavanger which is the oil capital of Norway, on the west coast, closer to Oslo than Bømlo is. They had to take two ferries to get there." [email from Shirley Stollings Whitelaw, Sept 5, 2001]
[Note: as of 2001, there are bridges from the mainland joining the islands of Stord and Bømlo, so the ferries would no longer be necessary.]
