Notes for Seth Gaines Hamer:

[All in One Family Tree FTW]

Seth Gaines Hamer was born in Marlboro County, South Carolina on March 06, 1816. Seth left S C. when he was of age, and rode his own horse to Georgia to visit his brother John Gainus Hamer. While there he fell in love with John's wife's sister Martha Jane Cummings and married her. He did not return to South Carolina to live. His descendants live mostly in and around Troup County, Ga. In West Point and LeGrange, Ga. [John Hamer Bladen County, N.C..FTW]

Sarah Jane Lokey Hamer (Whatley) wrote in her journal on August 29, 1882, "I went to Uncle Seth Hamers." On November 23, 1886, she wrote, "I went to Uncle Seth Hamer's burrial and funeral his children was all there." Based on those statements, I believe that Seth Hamer was her first husband's uncle, which would make him John Ganius Hamer's brother. They were born two years apart in SC.

G. May Feb.3, 1998.

Seth Hamer is found in the 1860 Harris Co. GA census on page 625.

Conjecture:

Alletha died sometime between 1851 (after George W's birth) and December 5, 1854 when George married Mahala Cummings.

The children of George and Alletha are Mary A., Martha, James S., Arena, John T., Julia, Georgia Virginia, William Silas, and George W.

The children of George and Mahala are Margaret, Benjamin, George (not same as George W.), Jackoline ("Jackie"), Josephine ("Josey"), Thomas (James in 1880), and Charles.

Questions:

George W. is only mentioned in the 1860 census. What happened to him?

Where was Margaret in 1860? She would have been 4 years old. She is in the 1870 and 1880 censuses.

Where was Jackoline in the 1870 census? She would have been 1 yr and 4 months old.. She is not listed in the 1880 Muscogee Co. census, but is listed in the 1880 Harris Co census.

Fact:

In her journal, Sarah Jane Lokey Hamer Whatley wrote of visits with George and Mahala. She also recorded Mahala's death date on September 6, 1891.

According to the journal, George was still living on December 24, 1893. According to Hilda Ferrell, Crouch researcher, he died on September 20, 1898. Sarah Jane did not make any entries in her journal that month. I read before and after and it appeared that she was on an extended visit to her old home in Muscogee Co., which means she would have been in the area where George was when he died.

Generation No. 3

8. Thomas Gainus³ Hamer (Mary Polly² Cummings, Gideon¹) was born December 26, 1832 in Harris County, Ga., and died November 13, 1877 in Harris County, Ga.. He married **Sarah Jane Lokey** December 16, 1852 in Harris County, Ga.. She was born July 13, 1836 in Talbot County, Ga., and died June 24, 1914 in Shellman, Ga..

Notes for Thomas Gainus Hamer:

According to the following census, Thomas G. Hamer was born in GA in 1832; however, the 1870 census says he was born in AL. There is a John Hamer family in Madison Co., AL in 1840, but it doesn't seem to be his family because the ages don't match up for all the family members. His mother and all his brothers and sisters were born in GA. Perhaps the 1870 census taker made a mistake in saying he was born in AL.

Thomas is listed in the GA 1850 Census in Harris Co p 118.

The list includes

Hamer, John	36	SC
Mary	35	GA
Thomas	18	GA
Martha A	15	GA
Nancy	14	GA
Caroline	11	GA
William	8	GA
Colen	6	GA
Henry	4	GA

The Marion Co, GA 1860 census lists the same family without

Thomas, Martha and Nancy. It adds

George	12
Charles	9
Alonzo	6
Mary A	2

(GJ MAY, 1996) Thomas G. Hamer and his wife, Sarah Jane Lokey are in the 1870 GA census, Hamilton PO, Harris Co, M593 156 129. At that time they had two daughters. He is listed as a farmer. On the same page Jackson Lokey age 35 is listed with his wife Reana 30, sons Joseph 9, and Henry 5. I do not know if they are related to Sarah Jane Lokey (T. G. Hamer's wife).

(GJ May Aug 28, 1997) According to a notice of an Administratrix's Sale (we have a copy) property belonging to the estate of T. G. Hamer was sold on Jan 25, 1878. The following is the wording of the notice:

"Administratrix's Sale

Agreeably to an order from the Honorable the Court of Ordinary of Muscogee County, Georgia, will be sold on the 25th day of January, 1878, at the Oswichee Bend, on the plantation known as the Wright Plantation, in the State Alabama, Russell County, the property belonging to the estate of T. G. Hamer, deceased, to wit:

Corn, Fodder, Peas, Potatoes, Rice, Syrup, Horse and Buggy, interest in Farming Utensils, &c, &c. (etc?)

S. J. HAMER,

January 14, 1878 Administratrix"

This leads me to believe that he died sometime in 1877. It would be interesting to know why his things were sold in Russell Co., AL, which is located across from Columbus, Muscogee Co., GA. When Sarah Jane started her journal in 1881, she wrote in the front of the book, "I live ten miles north of Columbus, 2 miles from the north south railroad Blanchards Station near Fortson." She refers to this as her "homeplace." Perhaps that is where he died.

(Note by GJ May May 11, 1998) On April 17, 1998, my husband and I found Thomas G. Hamer's grave in Double Churches Cemetery in north Columbus, Muscogee Co., GA. His tombstone reads as follows: "Sacred to the memory of my husband Thomas G. Hamer, born Dec. 26, 1832, died Nov. 13, 1877." There is a Masonic emblem on the tombstone. Nearby is the grave of the son of Thomas G. and Sarah J. Hamer. His tombstone reads: "In memory of John A. Son of Thomas G. and Sarah J. Hamer Born July 30th, 1858, Died Aug 11th, 1863." Notes for Sarah Jane Lokey:

(GJ MAY, 12/96) Sarah Jane Lokey's first husband was T. G. Hamer. Her second husband was Ornan Whatley. She married him on 29 Jan 1882. He died on 10 Dec 1887.

I have copies of Sarah Jane's journals that she wrote from 1881 to 1905.** (see below)

My husband (CL MAY) and I visited Shellman, GA on August 22, 1996. We found Sarah Jane Whatley's grave in the Shellman Cemetery. The following is written on her tombstone:

S. J. Whatley
wife of
Ornan Whatley
born July 13, 1836
died
June 24, 1914
A precious one from us has gone.
A voice we loved is stilled.

In the same plot are her daughter Sarah J. (Sallie) Anthony and her husband, John M. Anthony. Her grandson, Hamer Anthony, and his wife and children are buried in the adjacent plot.

SJ is listed in the following GA census
1840, Talbot Co, page 227, with parents.

By the time the 1860 census was taken, Sarah Jane was married. I have not found her in that census as yet.

Sarah Jane (Sallie)	14	GA	

I have not found Sarah Jane in the 1880 census and there probably is no 1890.

In the 1900 Shellman, Randolph Co. census she is listed on p 283 A Sheet 2 living with her youngest daughter:

The following was written about her:

Whatley, Sarah Jane, age 73, mother-in-law, born in GA (as were both her parents). She was listed as having her own income. She stated that she had three children, two living.

Dec. 19, 1927
Mrs. Tom C. Hamer

Dear Cousin:

Your letter of the second received here after being forwarded me several points. I am located here for the winter buying and shipping vegetables.

Now in regards to my mother and who her parents were will say I am afraid I can't give you what you want. Will start by saying her father was named Thomas Hamer.(correction by E. Boland. Her father was John Gainus Hamer) I can't remember her mother's name just now. (Her mother's name was Mary "Polly" Cummings) All the old records are at Center Hill. Mother has been dead 10 years, this coming Jan. 24 she was 83 the 22nd and died 24th.

My father was Archie Kimbrough. There were eleven children names as follows-Henry, Maggie & Carrie (twins), Bessie, Minnie, James, Jesse, Willie, David, (myself Alonzo) and Lovick. There are only four of us living-Minnie Price, David, (myself, and Lovick). All at Center Hill.

Mother had three sisters, Aunt Mattie Shippey, Carrie Cunningham, Aunt Lizzie Goings all dead. Her brothers Collin, William, George, Alonzo, and Charlie. They are all dead. Their children are in Georgia if you will write Robt. Shippey at Parrott, Georgia He can give you all the information you want, I think.

I have quite a few old letters that Uncle Philip Hamer of Bennettsville wrote her some are 50 years old and he always address my mother as his niece. I do not know if she were his great niece or not can't say. I will try and get one of the old letters and send you. But you must surely send it back to me after you read it. I don't want to loose it.

I am indeed sorry I can't give you a better connection of my family but I have done the best I can at present. I will write to Center Hill and get one of the old letters and send it to you and anything I may think of later will write you about it. Many thanks for the invitation to visit you. I may come by and see

you some time in the summer.
You will please excuse poor writing I have a bad hand and it will not behave when writing.
Will close with very kindest regards to you and family.
Your Cousin

G. May notes after visit to GA in August, 1997

My husband, Clifford (William Silas Crouch's great grandson) and I visited the Terrell Co. courthouse and obtained a copy of W. S. Crouch's death certificate. He died on February 9, 1924 in Dawson, GA at 1:30 PM of acute indigestion and cardiac weakness. He was buried in Cedar Hill Cemetery, Dawson, GA on February 10. We searched the cemetery and are not positive we found his grave. We found one with a marker that was very difficult to read the first initial. The second initial was S. Last name Crouch. Two of his sons are also buried there -- Walton Clifford Crouch and Frederick Roy Crouch. We did find Frederick Roy's grave.

G. May notes after trip to GA in April, 1998

We visited the Dawson cemetery again and determined that the marker in question was not William Silas'. We still didn't find his grave.

G. May August 8, 1997 after a trip to Shellman, GA.

I talked with Miss Bitsy Crittenden. She knew Sallie personally. She described Sallie as "aristocratic, stout, fair, about 5'6". It is Miss Bitsy's opinion that Sallie got the postmistress job because she was a Republican.

Mrs. Betty Robinett told me that Sallie's son, Hamer, succeeded her as postmaster of Shellman and his son, Lee, followed him in the job. Mrs. Robinett is a member of the Cheney family and had a book on the Cheney's. Sallie's son, Hamer, married Inez Cheney. The book had Hamer and Inez and their descendants listed. Mrs. Robinett and her daughter, Ann, drove us around Shellman and showed us Hamer's house. It has not been restored.

Sallie lived next door. The house is no longer there. That is where Sarah Jane Whatley lived with Sallie the last 25 years of her life.

Notes for Joel W. Lavender:

Ex-Postman Lavender Dead at 90

Joel W Lavender, 90, 1801 Wildwood Ave. whose career with the Columbus Post Office spanned more than four decades, died Tuesday at the Medical Center.

Funeral will be today at 4 p.m. in the East Highland Primitive Baptist Church, with burial in Parkhill Cemetery.

A self-described "Post Office man" through and through, Lavender began as a letter carrier and worked his way up to supervisor of letter carriers. He then became assistant superintendent of mails, a position he held at the time of his retirement 20 years ago. He described that last position as a "troubleshooter" job.

When he started out, there were a scant 15 letter carriers in all of the city, but by the time he hung up his hat, there were more. than 100.

In an interview following his 90th birthday, Lavender had chuckled that the "secret" of his longevity had been "I've been in a good humor all my life. Anybody could keep in a good humor if they would. I made friends with everybody. I didn't give up any friends," he said. He also attributed his "youthful old age" to not counting birthdays.

Faith in God played an important part in. his life. He was a member of the East Highland Primitive Baptist Church.

Survivors include three daughters, Mrs. Edwin J. Grimes, Mrs. John L. Moon, and Mrs. J. Hollis Hammack, all of Columbus; a foster-son, J. Lowery Martin, Birmingham, Ala.; 10 grandchildren; 20 great-grandchildren: two great-great grandchildren

Notes for Bradley Raymond Boland, Sr.:

Bradley's mother and daddy died when he was four years old. He and his brother Cecil Barnes Boland were taken in by their grandfather Thomas Pryor Barnes And he took them to live with him at his daughter's home in Bronwood, Georgia. Their grandfather (Tip Barnes) paid his daughter Otis Barnes Gamage room and board for the three of them to live at her home. Tip owned a mercantile store in that town. Bradley and Cecil lived with their grandfather at their Aunt Otis' home until their grandfather died rather suddenly from Erysipelas. After Bradley's grandfather died and there was no one to continue paying board for Bradley and Cecil Aunt Otis and Uncle George Gamage requested that the Boland family take the children and raise them. They first went to their grandfather Boland's home in Midway, Muscogee Co., Georgia, and then Uncle Jerry Boland took both of them to live with him in Elba, Coffee County, Alabama. Bradley and Cecil attended school while school was open but the country school would close for the children to help plant the farm crops and during harvesting time. Bradley's Uncle Jerry owned and operate a large sawmill. It was Bradley's job to get up about four o'clock each morning and walk the two miles to the sawmill and get the fire started in the boiler so the men could start right to work when they arrived to work. After Bradley got the boilers working he then went on to school. Bradley was a natural born mechanic. It seemed like he could fix anything mechanical. One afternoon, after Bradley had reached his 13th birthday, Bradley, Cecil and Uncle Jerry were stopped at he country store on their way home. While they were there a Mr. McCart from Liberty Church, near Elba, Alabama came in and made a statement that there would be no more cotton ginned until he could get a man from Contininal Gin Co. in Birmingham down to fix his cotton gin. Uncle Jerry said, "let Bradley take a look at it he is good at fixing things". Mr. McCart said, " he is welcome to look but I don't see what a 13 year old boy can do to fix something that I have to always get an engineer from the factory to fix." Bradley went in and started checking out the mill machinery. He hadn't gone very far with his examination until he discovered the problem and within a few minutes he had the mill running and they started ginning again. Mr. McCart was so pleased that he asked Bradley if he wanted a full time job.

Bradley said, yes sir I could use a job that paid me money." Uncle Jerry asked what about school. Mr. McCart said he would work him during ginning season and he'd need him at the oil mill when they were running cotton seed and peanuts through the oil mill, but finally Mr. McCart agreed for Bradley to keep up with his school work as he worked for him. This way Bradley was able to finish high school. Bradley worked for Mr. McCart all through school. About that time Uncle Jerry sold his saw mill to his brother George Gabriele Boland. Uncle George took the sawmill to Omaha, Georgia where he had contracted to cut eight million board feet of lumber for the Cooper Lumber Co. of Columbus, Georgia. Uncle George could not get his mill hands to reach their quotas for saw logs and he was falling behind on his contract. Uncle George went to talk to Uncle Jerry to see if there was anything he could suggest that he could do. Uncle Jerry told him to go hire Bradley to run the mill. He said, "Bradley will put that mill to humming." Bradley was eighteen years old by this time and was still working for Mr. McCart, and other farmers in Brandley County. Uncle George hired Bradley to manage and operate his saw mill in Omaha, Stewart Co., Georgia. His first day on the job he called in all his sawyers and told them they were to cut X number of saw log each day. They made a statement that it was impossible to cut that many logs in one day. Bradley countered with they were not to come in to the mill or go home until that many logs were down with their mark on the base of the log. The first day some of the older loggers had cut their Quota of logs by six o'clock but some of the younger loggers were up to eight o'clock finishing. It wasn't long however before they all had their quotas by regular quitting time. Bradley put the mill to humming and they were meeting their contract right on time. Bradley was working from can to can't, meaning from sunup until dark every day. When Bradley was twenty years old he saw a pretty young lady at church, and at the next church social where the ladies brought a meal for two and the meals were auctioned off to the highest bidder Then the winner of the basket would get to eat the meal with the girl who fixed the meal. Bradley had found out that the pretty girl he had seen at church was Annie Lois Goins, and she was sixteen years old, and it was said that old man Goins would shoot anyone trifling with her. Bradley successfully bid in her lunch basket that night and was soon visiting her at her home. When Lois was seventeen and Bradley was Twenty-one he asked her to marry him. She said yes but he'd have to get her father's ok. Bradley went out in the yard one morning to ask Mr. Goins for his blessing. Mr. Goins was cutting stove wood and when Bradley said, "Mr. Goins Lois an I want to get married and I hope you will give us your blessing. " Mr. Goins said, "NO! HELL NO!" To which Bradley replied Mr. Goins, I was man enough to ask you for Lois in a proper manner, and since you take this attitude I want to tell you we are going to get married anyway." Bradley and Lois went to Columbus and on December 25, 1915 Bradley and Lois were married. Thomas Jefferson Boland, Bradley's first cousin, was his best man. After Uncle George shut down the saw mill Bradley got a job as a fireman for the Georgia Southern and Florida Railroad. That was prior to 1917. He went back to Alabama in 1917 and farmed and worked for the farmers in that part of Alabama. In 1919 he worked for the Seaboard Airline Railroad. Then in 1920 the owner Mr. Walter Rylander offered him the job as shop foreman for the Ford Motor Company in Richland, Georgia. Before 1924 he moved his family to Columbus, Georgia. There he opened a garage and worked on automobiles. He also had a gasoline station as a part of his shop operation. The family were members of the Wynnton Methodist Church in Columbus. In 1934 Bradley left Columbus and moved his family to Pahokee, Florida. He worked for the International Harvester Company. Bradley was with Glades Equipment Co. in Pahokee and after they moved to Belle Glade, Fla. and changed their name to Glades Grove and Equipment Co. until September 10, 1984. He retired on his 90th birthday. He then continued living at the family home place at 2727 Bacom Point Road Pahokee, Fla. In the spring of 1987 Bradley moved to a small house that was owned by his daughter Sara Kate Boland Griffith in West Palm Beach, Fla. She wanted him near her so she could look after him. On May 12th 1987 Bradley died in his sleep it was his ninety third year. Bradley and Lois are buried at Parkhill Cemetery In Columbus, Ga.

Notes for John Thomas Crouch:
[John Hamer Bladen County, N.C..FTW]

John Thomas Crouch's grandmother, Sarah Jane Lokey Hamer Whatley, wrote about his birthday several times in her journal-October 3, 1871. The following is on his tombstone in Double Churches Cemetery north of Columbus, GA:

J. T. Crouch

b. Aug 3, 1868
d. June 18, 1923

In the same plot is his first wife:

Lera Miller Crouch
1868-1905

Sarah Jane wrote that Tommie and Lera married on May 29, 1892.

In her journal, Sarah Jane wrote about Lera's death on September 2, 1905, and said that she had been sick twelve weeks.

Sarah Jane also wrote on April 21, 1893 that Lera's baby was born dead. On May 24, 1896 she wrote that Tommie's baby died. I do not know where these babies are buried. There were other children.

On September 13, 1905, Sarah Jane wrote that Lee (Tommie's mother) was taking care of Tom's children. On September 30, 1905, Lee and little Nellie Crouch came for a visit and went back to Dawson. On November 3, 1905, she wrote that she had "got goods to make Tommie's boy 3 jackets." The next day she said, "We are making Clars Jackets." In December, 1894 and January, 1895, she wrote about Tommie and Lera's baby, but gave no name or birth date.

A few years after Lera's death, Tommie married again--Exa Land.

The following graves are at Double Churches Cemetery in the same plot with Tommie:

Notes for Lera Miller:

All of the following facts were found in Sarah Jane Whatley's journal:

Lera Miller and John Thomas "Tommie" Crouch married on May 20, 1892.

On April 21, 1893 their first baby was born and died.

April 22, 1893 Silas (Tommie's father) walked to see Lera and Tommie babe buried.

In January, 1894 Lera was pregnant, so the baby was probably born in October, 1894.

That baby is the only one mentioned in 1895.

Lera was pregnant again in April, 1896.

On May 24, 1896 a baby died, presumably, the one born in 1894. By that time the child was 1 1/2 years old and could have still been referred to as "a baby."

Another child was born to them around January 1, 1897, since it was a week old on January 8 when Sarah Jane wrote about it.

From 1898 through 1894 there is no mention of Tommie and Lera.

Sarah Jane Whatley wrote on September 3, 1905 about Lera's death as follows:

"Su 3 Lera Crouch died on the 2 of this month bin sick 12 weeks"

Following Lera's death, these entries were made in the journal:

September 13, 1905 "I got a letter from Willie. Lee (Tommie's mother) is up there with Tom's children"

September 30, 1905 "Lee and little Nellie Crouch came"

November 2, 1905 "We got goods to make Tommie's boy three jackets"

November 3, 1905 "We are making Clars Jackets"

December 25, 1905 "Lee and little Nellie and Tommie Crouch come"

(Where was "Clars"?)

Lera is buried at Double Churches Cemetery, Columbus, Georgia, in the same plot as Tommie, his second wife and two sons. If Lera and Tommie's babies are buried there, the graves are unmarked.[John Hamer Bladen County, N.C..FTW]

She married **Harmon Kelly Harris** December 25, 1902 in Fortson, Georgia, ceremony by Jude Almond, witness M/M Willis Fortson. He was born August 28, 1880 in Clay Co., Alabama, and died February 07, 1949 in Goodwater, Coosa Co., Alabama.

Notes for Willie Jane Crouch:
[John Hamer Bladen County, N.C..FTW]

(Notes,GJ May,12/96) Willie Jane Crouch Harris ran a boarding house in Goodwater, Ala. for many years. She had an excellent reputation as a cook. My husband and I have her rolling pin.

Willie Crouch and Harmon Kelly Harris eloped on Christmas Eve,1902. When they returned to her mother's home (Mary Lee Hamer Crouch), Mary Lee took Willie in the house and kept Kell sitting on a stump in the front yard all night with a shotgun pointed at him. Willie's grandmother, Sarah Jane Lokey Hamer Whatley, wrote about it in her journal. The following is a quote of what she wrote: "Th 25 fare and pretty day. I staid here have the headache John brought some nuts and oranges had turkey dinner Willie Crouch married a Mr Harrias."

(Notes,CL May, 1/97) The boarding house in Goodwater, Alabama, was started when Willie Crouch Harris moved to town after her husbands death. She rented rooms in a large two story house in the middle of town. Meals were served.

Another enterprise prior to the boarding house was running the PURE OIL CO gas station and cafe in Goodwater. I remember this station being located on the road that ran parallel to the railroad and backed up to an embankment that was higher than the building. Willie hired a cook and dishwasher, but did some of the cooking at times. It is interesting to note that this combination cafe and gas station was a common arrangment back in the 40,s and 50's when there were very few stops along the road for food or gas. Here in the 90,s it is once again being revived with many of the nationally known fast food chains teaming up with the oil companies to construct new facilities that provide both fuel and hot food services.

Willie Jane inherited the journals of her grandmother, Sarah Jane Lokey Hamer Whatley, and passed them on to her daughter, Berniece Harris Burnett.

Notes for Harmon Kelly Harris:

(Notes,CL May, 12/96) Harmon Kelly Harris was a builder. In early years it is believed that he worked as a carpenter for various building contractors in Alabama, and perhaps Louisiana, although this is not known for certain. What is known is that in later years he contracted to builders to do framing and trim work using his own crew of mostly black workers. His children related on several occasions that he had a reputation for being one of the few people who could work successfully with blacks due to his amiable relationship with them. During journeys through towns in Alabama his daughters or son would often point out to those riding in the car different houses that Kell had built or worked on. This writer remembers Granddaddy Kell from visits to Goodwater with his mother, Ruby. The most persistent memories are those of him sitting in his rocking chair on the screened side porch reading "pulp" Westerns and slick cover "Detective Story" magazines while enjoying a big plug of "Red Dog" chewing tobacco. It is hard to forget the somewhat repugnant sight and smell of the spit can always by the right side of his chair! He always gave me the little red metal dog that came out of the plug package. The house that Kell and Willie lived in just outside of Goodwater had an outdoor privy (two holer) and a well (hand drawn) located on the back porch. Sometime later they installed an electric pump on a new water well and built a bathroom . There was a chicken house with fenced yard and a barn to accommodate Kell's two milk cows. There was always a vegetable garden. Meals were cooked on a wood burning stove. There were plenty of extra eggs which were sold to the neighbors. I don't remember seeing any hogs on the farm, but a dirt floor basement, entered from a door behind the house, always seemed to be filled with salt cured hams hanging from the joists. The aroma of the ham and the accompanying sausage cooking early in the morning was one of the few things that could drag one out of the snugness of the feather bed on those cold winter days. And Grandmother Harris's wood stove-baked biscuits are still the object of this writer's continuing search (with no disrespect to my wife's biscuits).

At one time Mr Kell owned a "Straight-eight" Buick automobile (Before V-8'S) that had such loose steering that the steering wheel would move six inches before the wheels would turn! I drove this car (country roads with supervision) at about age 9, so I can vouch for this.

When Kell died, a wake was held at the house. The casket was placed in the living room where all the family and visitors sat and talked all night. Friends continuously brought food which was put in the dinning room, buffet

style.

Sarah Jane Lokey Hamer Whatley wrote in her journal that her granddaughter, Willie Jane Crouch and Harmon Kelly Harris eloped on December 24, 1902. The marriage license from Muscogee Co, GA, Book O Folio 18, gives December 25 as the day the license was taken out as well as the day they married.

She married (2) Albert Thomas Baucum Unknown in in Alabama; born July 03, 1883 in In Alabama; died November 27, 1949 in Sylacauga, AL.

Notes for Ellora Bell Harris:

(CL MAY, 1/97) Lora Bell Harris was a nurse. This profession allowed her to move often and to most any location she chose. My memory of her was that she seemed to move often , stopping in Birmingham where my family lived, to visit before moving on to the new job. At one time she drove a Ford model T, which impressed me because this was in the late 30's, early 40's and it stood out among the newer cars then on the road. She was married first to Mr. Baucum, then to a Mr. Paggett. She had no children and I do not know why. I believe that she worked the longest at a hospital in Sylacauga, Alabama, because I remember our family visiting her there at two houses, one out in the country and another in the town.

It wasn't until 1998 that we learned that her name was Ellora, as recorded in the 1910 census.

Notes by G. May: On July 31, 1997 Clifford and I visited with Mrs. Betty Robinett in Shellman, GA. She was a Cheney, so she is related to Hamer's wife, Inez. She told us that Hamer was postmaster of Shellman after his mother, Sallie Anthony, and his son, Lee was postmaster after him. Betty has a Cheney book. I used info from it to complete Hamer's lineage. She also gave us the address of Hamer's grandson, Fred Dickerson Anthony, Jr. We are now in contact with him. He sent us a copy of the material he submitted for History of Randolph Co., GA. The following is taken from that information:

"Thomas (Hamer Anthony) and his family moved to Shellman before 1880. Inez...and her family moved to Shellman between late 1882 and 1886. They grew up and lived the remainder of their lives in Shellman. He followed his mother as Shellman postmaster. Because of his size, 6'4" tall, 300 lbs. plus, and his size 16 shoe, he was known as "Big Daddy". Inez was known for her ability to handle a 100 lb. block of ice in the Cheney and Anthony Grocery Store she operated on the north side the railroad and across the street from the old Central of Georgia Depot. The store was later owned and operated by L. D. Crittenden when it burned in the 1940's." Dick ends the article with this paragraph,

"After 150 years the last Anthony living in Randolph County related to, or married to, a descendant of Milton M. Anthony was gone when Melva F. Anthony, the wife of "Boot," (Fred Dickerson, Sr.) was killed in an auto accident on May 29, 1992."

Burial: Unknown, Goodwater, Alabama

Notes for Catherine Hawkins:

(CL MAY 2/97) Catherine Hawkins was always known for her great cooking. In her later years she worked for the Goodwater school as the dietitian, planning meals for the cafeteria. She also ran a catering service out of her home with the aid of her husband, Harmon Cliff, serving parties at private homes and at the Country Club. When she put a meal on her table at home for company, it was always in the old tradition of "a whole lot of the best of everything".

255. Ruby Lee⁶ Harris (Willie Jane⁵ Crouch, Mary Ann Lee⁴ Hamer, Thomas Gainus³, Mary Polly² Cummings, Gideon¹) was born January 29, 1913 in Kellyton, Coosa Co., Alabama, and died August 17, 1996 in Pensacola, Escambia Co., Florida. She married **Clifford Leon May** June 24, 1930 in Rockford, Coosa Co., Alabama. He was born March 02, 1902 in Abbyville, Georgia, and died April 12, 1982 in Montgomery, Jefferson Co., Alabama.

Notes for Ruby Lee Harris:
[John Hamer Bladen County, N.C..FTW]

(CL May,12/96, son) Ruby Lee was a fastidious mother and a meticulous housekeeper. She took great pride in making the most of what she had. Taking up homemaking during the depression years gave her challenges to make whatever household items she had, or was available, turn out looking and working like new. She continually amazed her sons and their wives with stories about how she had rescued an old piece of furniture from the neighborhood curbside garbage and had turned it into her latest new showpiece complete with ruffles, frills and new paint. A wooden dining table with four chairs, purchased soon after their marriage, was stripped and repainted numerous times for some 30 years. One of those chairs is still in use. She was a good cook, always able to put good meals before her family on Mr May's \$30 a week (1931-1933) pay check. Her two sons remember always being scrubbed clean and dressed in "Sunday" clothes before going on a visit. After Mr May's passing in 1982, she continued to live in their home in Montgomery, Ala., until 1987, at which time she moved to Pensacola, Fla., where she lived in an apartment until it became necessary for her to move to a retirement home for care. She was of the Methodist faith.

Notes for Clifford Leon May:
(CL May,12/96, son of Mr. May) Mr. May was a south Georgia farmer, along with his father, mother and eight** brothers and sisters, raising cotton, then later, tobacco, for a money crop with the vegetables, fodder and livestock ordinarily grown on the farms of that time. Another resource was collecting pine tree sap which was used in turpentine production. Leaving the farm in his late 20's, he hired on as a streetcar (electric trolley car) motorman for the Birmingham Electric Co, (BECO, later called Birmingham Transit Co.}. After his marriage to Ruby Harris in 1930, he worked until he was laid off from work in 1931 for about three months, during which time he worked briefly in a bakery in Birmingham. For a short time he took his wife and young son (Clifford) to

Georgia to live while out of work, living in a house down the road from the home place until he would be called back to work in Birmingham. He was called back, where he completed 40 years operating electric trolley cars, electric buses and diesel buses. He was very conscientious about his job as a motorman. He once brought home a letter that the Company had received from one of the regular riders on his trolley giving praise for the extreme courtesy shown by him to all of his riders.

He was known by his two sons as a very inquisitive man who always had something in mind that needed to be invented, sometimes building small models to test his theories. He also enjoyed building model airplanes from commercial kits or from "scratch", using whatever materials he found around the house. This hobby was carried on by his son (Clifford) as he grew up remembering the smell of "Testors" brand glue and the "banana" aroma of the small bottles of paint called "dope". He was an avid reader and enjoyed listening to classical music on the Sears and Roebuck "Silvertone" floor cabinet model, automatic push button dialing AM radio tuned to station WBRC.

Mr. May was among one of the first generations to begin the transition from the Agricultural Age to the Industrial Age. His two sons attended college and as engineers had careers in the petrochemical and other industries on the leading edge of the Age of Communications. Mr. May stated on several occasions that our ancestors "came from Ireland". This was apparently all that he was aware of as nothing else was ever related to his sons. This vagueness about ancestry was a motivating spark (along with the wife's influence) for this writer to search for the roots of the May family.

Mr. May was a member of Hoover Lodge #644, Bham, Ala. He was initiated an Entered Apprentice Mason on February 23, 1945, passed to degree of Fellowcraft on May 6, 1945, and raised to the Sublime Degree of Master Mason on May 8, 1945. He attended the West End Baptist Church in Birmingham, Alabama, where he served as an usher.

Mr. and Mrs. May resided in Birmingham, Ala., 37 years, and in Montgomery, Ala., for 15 years. They bought their first home in Montgomery after having been home renters all of their lives. The purchase was made possible by a Government subsidy plan. They purchased a new house located behind the Baptist Hospital. After Mr. May's death, the hospital purchased this house soon after Mrs. May moved to Pensacola, Florida.

**A brother and a sister died in infancy, and one sister died after childbirth when Clifford was two years old.

257. Berniece Marie⁶ Harris (Willie Jane⁵ Crouch, Mary Ann Lee⁴ Hamer, Thomas Gainus³, Mary Polly² Cummings, Gideon¹) was born May 05, 1919, and died May 05, 1991 in Jefferson Co., AL. She married **Francis Herschel Burnett** November 27, 1937. He was born September 11, 1913 in Goodwater, Coosa Co., AL, and died July 08, 1996 in AL.

Notes for Berniece Marie Harris:
[John Hamer Bladen County, N.C..FTW]

(CL MAY 2/97) Berniece Harris was a very good cook, and it usually was her task to make the big dinner for a holiday or family reunion. When you ate Holiday dinner at her house you always got something called "Ambrosia", a concoction of orange pieces mixed with fresh shredded coconut. She was, like all of the Harris children, outgoing and, on occasion, outspoken. She worked at the church along with her husband. During the summer that I lived with them in Selma, Alabama, she gave me (Clifford Lee May) my first real driving lessons. She took me out in the country to an old church yard where I could practice turning in and out among the oak trees while trying to keep from removing the fenders from the 1936 Chevrolet coupe. Notes for Francis Herschel Burnett:
[John Hamer Bladen County, N.C..FTW]

(CL MAY, 2/97) Francis Herschel Burnett was always called by his middle name, "Hershel". He was a graduate of Auburn College (now Auburn University) in Electrical Engineering and retired from The Southern Company, an electric utility company. To this writer (Nephew by marriage) he was an "Engineers's Engineer", being very conscientious and proficient in his profession. He was a mechanically inclined "Mr. Fix It", who was able to repair any household appliance, his automobiles, and anything that his neighbors had that needed repairs. This writer considered himself fortunate to have been able to be his "helper" while growing up in Birmingham, Alabama. We would find ourselves either behind a refrigerator or under an automobile, or in some other "masculine" environment that smelled of grease, gasoline, ammonia or who knows what. During one summer of my high school days I lived with them in Selma, Alabama, where they had opened the Electro Supply Co., selling washing machines, window air conditioners and radios. I swept the floors and went with him on the service calls to repair appliances in homes and stores. This experience of working under his guidance was very valuable in my later years as an engineer. Hershel often helped me with my high school mathematics lessons.

Hershel believed in God and devoted many hours of his time to keeping things repaired at his church.

Hershel had three brothers and one sister; George, who worked for years at a hardware store in Goodwater, Alabama; Jereld, who worked..... Wilkes, who worked for Westinghouse and Vonciel?
