Notes for Lillie Inez Couch:

Lillie Inez Couch served in the U. S. Public Health Service in Memphis, Shelby County, TN, US A following graduation from nursing school at Baptist Memorial Hospital in Memphis. Her sister, Evely Louise Couch served with her and when they received orders to transfer to Staten Island Public Health Hospital, they resigned USPHS and joined the Navy. Inez served at Bethesda Naval Hospital for a couple of years, 1944-45, and was assigned to be the special nurse for Secretary of State Cordell Hull. He and Mrs. Hull gave her a beautiful full length quilted silk robe covered (printed) with long stem red roses upon her transfer to Camp LeJeune, NC. Inez met many of Mr., Hull's fellow cabinet officers, including Vice President Wallace, Secretary of War Stettinius, Secretary of the Navy Forrestal, among others, and of course President Franklin D. Roosevelt. There she met her future husband, Everette Bowie when she visited his ward to watch while he dressed a burn case that was the talk of the hospital. He had been burned over 85% of his body in the 3rd degree, and lived! Many other doctors and nurses would visit to watch this unusual case as he received TLC from Everette. After her discharge, Everette was out of the Navy and attending Pharmacy School at Ole Miss. She visited him there beginning a courtship that culminated a year and a half later in their marriage on December 20, 1947. She has two children, Janis and Cheryl, and two grandchildren. Inez spent 22 years working for the Memphis and Shelby County Health Department. When she retired she was honored with a beautiful plaque from the Director of Public Health and a banquet in her honor. Since retirement she and Everette have traveled any time the opportunity presented itself. They have traveled to Hawaii, Canada, Mexico, Monte Carlo, France, England, Switzerland, Italy, and all over the US.

Notes for Glenda Faye Bowie:

Faye and Walter Joe Moore were divorced. She had Lupus for more than 30 years and probably knew as much as her doctor about the disease. She was always ready to counsel other Lupus patients at any time on how to live with it. She was in Singing River Hospital in Pascagoula, MS, on March 2, 1995 for treatment of fluid buildup caused by massive doses of Prednisone. Suddenly she threw an embolus and died before anything could be done. Faye was devoted to her church, and she and her second husband, Rodney Shows were leading activists in First Baptist Church in Pascagoula. She had been on Oxygen for several years and would show up at church with her Oxygen canister, prompting one member to remark that if Faye could walk, she would be a dirt church!
