Author Note: Seeing the discrepancy in birth years of Samuel G. and Jacob L. leads me to believe that Jacob wanted to work for the railroad and had to be over 18, so he and Samuel traded birth dates. The 1880 Census clearly shows that Samuel was 1/12y, born in April and Jacob was not even on the scene. Their 9th child must have died after Joseph H. was born and before the 1900 Census was taken. This may be what has occurred in this family.
