Notes for Catherine Miller:
This child died as a young child I have been told by Sylvia Harthen when she was about 4 yrs old, This happened when her brother George (Sylvia's Grandfather) the eldest child was approximately 18 years old. No birth or death entry has been found on this Catherine. This Catherine is also not listed on the 1891 Census with family therefore she would have died earlier than previously thought.

Later George and Catherine Miller (the parents) had 3 other Girls all with the name Catherine Miller. It seems strange that these girls were all named Catherine, but the evidence is there to suggest this. (LDS records)
