Notes for William Spence:

In 1845 William Spence lived where William Stanfill now lives. He was born in North Carolina in 1792 and came to Harpeth, near the Newsome place in 1810. He was a poor boy without education, and worked here as a hireling for 10 years. At the age of 28 he married Phebe Forehand. John Davis , who lived in that neighborhood, induced him to visit Hickman County., where Davis owned land. The result was he purchased from Davis 450 acres south of, and adjoining Little Lot. He settled on this land in 1845

" Spence's History of Hickman County"

William logged and farmed for a living. Emma Glades Poor told me William was almost blind from being in the smoke of the burning brush. Someone told me he had a red beard that was so long he would tuck it in his belt when he worked.
