Notes for Eliud or Eliard Nickerson:

From the Nickerson Family Association Vol @ page 174

Eliud or Eliard, was a Loyalist and went to Coobourg, Ontario.

1843 Obit, Grantham, Hamilton CO, Ontario

"In Grantham, ont he 30th inst., Mr. Eliud Nickerson, aged 82 yrs. Mr. Nickerson was on e of the gallant band of the U.E. Loyalists, who epoused the case of their King, at the time of the American Revolution, and who met the just reward of their hardships and privations, during that eventfulperiod, in the special favour of their Sovereign, on arriving at the province." (Obit 1843 reptitned from St. Catherines's Journal in the Church, Cobourg, 7 Apr 1843)

"He married Mary Margaret Fritz and lived in Cobourg on the North shore of Lake Ontario. There were settlers east & west of Cobourg, in Haldimand and Hope townships, before anyone was located on the site of Cobourg. French Missionaries had a station at Ganaraske, (Port Hope) before the British conquest of Canada and Peter Smith, a fur trader, had a post ther atht e mouth of the river, which was first settled in 1793, was called Smith's creek. The site of Cobourg was avoided because of the low and flat nature. It was a cedar swamp much like the wooded uncleared land in the outskirts of todays, with creeks winding in the great arcs as they approached the lake. As the creeks were larger & the intervening land wetter than now, the district was less suitable for farming and settlement.

The first inhabitant of Cobourg appears to have been Eliud Nickerson, who is believed to have had a crude log cabin hut near the present Kind Division business section in 1798. Danie; McAllister's booklet of 1903 said it was the tradition that it stood near the northwest corner, but if so Nickerson could not have stayed there long, for the property which the crowngranted him in 1802 was on the other side of the Division, comprising all the land from Division to College between the lake shore and Elgin Street. His land for whcih he obtained a deed in 1802, is known as lot 16, Concession B. Broken Front, the township, having been surveyed between 1791 & 1796 by provincial surveyors. A map of Cobourg made in 1845 contains the notation that there were five settlers int he vicinity of Cobourg in 1798 and it is probable that they were Eliud Nickerson, Elias Jones, Joseph Ash, Asa Burnham and either Geroge Shaw or Liberty White." (Genealogy Society, Church of Latter Day Saints, researched by Edith Barrus Warner.)

Eliud served as a sergeant when he was a resident of Hamilton and is also listed as a Loyalist of Belle Ise, Kings CO, New Brunswick, probably after he first arrived in Canada. (New England Genealogy Register)

Notes for Isaac P. T. or J. Nickerson:

Nickerson Cabin Built in Stone County Virginia:

One of the oldest landmarks in Stone County is the Nickerson log cabin in Kimberling City. The photograph was taken by Richard White who has also researched the history of the cabin.

A brief history as told to Richard by Birchie White (grandson of Joshua Nickerson) and Dawna Vicars (grandaughter of Arthur and Viola Crabtree) follows:

"Sometime before the Civil War, Isaac Nickerson and one or more of his sons built the cabin for shelter during hunting and trapping trips into the Ozark Mountains. Although the cabin was built by the Nickersons, many hunters used it. Sometime around 1877, Joshua Nickerson, Civil War veteran and son of Isaac Nickerson, moved his family to Stone County. The cabin was occupied so Joshua and family settled in a nearby cabin. Many families have stayed in the Nickerson cabin over the years.

The little cabin that sits on the wilderness road has survived the Civil War, the depression, the construction of the old highway 13 and the new, a nearby canning factory, many families and even cattle living inside it, the formation of Kimberling City and the damming of the White River, a real estate office addition, a facelift for the American Bicentennial and thousands of interested tourists."

NICKERSON-WHITE FAMILY HISTORY

By Richard White

Nickersons

The Nickerson Family emigrated from England to the American colonies in the early 1600's settling in Massachusetts. Isaac Nickerson was born in 1798 in Upper State New York or possibly Canada. Isaac is believed to have been an avid hunter and trapper as he made several trips to the Ozark Mountains in the mid-1800's. On one particular hunting trip from his home in Fulton County Illinois, Isaac and his young son Joshua built a log cabin that still stands today in present day Kimberling City Missouri. From this cabin Isaac, Joshua and others would strike out into the Ozark wilderness trapping and hunting.

Joshua Nickerson turned eighteen years old in February of 1862. In October, Joshua and his cousin Daniel Matney signed up for a three-year enlistment in the 103rd Illinois infantry to fight for the Union Army. During their tour of duty, Joshua and Daniel saw action at Vicksburg and Jackson Mississippi, Chattanooga Tennessee where Daniel was wounded during the assault up Missionary Ridge, then Kennesaw Mountain Georgia where Joshua was wounded by a confederate cannon shot ultimately causing him to lose sight in one eye and hearing in one ear. Daniel was sent home due to his wounds but Joshua remained and saw further action in Atlanta, Jonesboro and Savannah Georgia. He was part of Sherman's march to the sea then through the Carolinas and eventually to Washington D.C.

Joshua was discharged in Chicago Illinois in July 1865. Soon after, he married Mary Margaret Clark and started a family. In 1877 Joshua and Mary moved their family, America Francis age three and William Albert age one, to Stone County Missouri to the little cabin Joshua and his father Isaac had built. Joshua supported his family hunting and farming the land around present day Kimberling City, eventually settling on a farm on the Banks of the White River near Mill Creek. Here Joshua grew corn, raised hogs, hunted and fished in the White River.

Whites/Nickersons

After the war, John R. White married Martha Benton and settled on Long Creek. Here they raised a family of six children and farmed the land. Martha and John R. 's first son was named John L. White. John L. was born on Long Creek in Carroll County Arkansas in 1868. Here John L. grew up to be a tall strong boy and by the time he was twelve years old, he was driving a team of oxen. Sometime after John L. grew to be a man, he met and went to work for Joshua Nickerson on his farm on Mill Creek in Stone County Missouri. By 1894, John L. had married Joshua's daughter America Francis and they had started a family of their own. John L. and Francis's first child Maggie was born in 1894. Their second daughter, Menrvia (Allie) was born in 1898. Around the turn of the century tragedy struck Joshua's farm when sickness swept through his hogs killing all but one. With all their hogs gone, Joshua and John L. turned their attention to the vast numbers of tall oak trees dominating the Ozark Mountain forests. With the railroads spreading across the country there was money to be made making railroad ties. Tie hacking was hard work but a profitable way of making a living. Large oak trees were sawed down by hand and then cut into eight-foot long sections. A chopping axe was used to score the bark on the sides of the log and then a broad axe was used to hew the log until a tie was made. The ties were then loaded on a wagon and hauled to Springfield Missouri and sold. The trip to Springfield took two days and a load of 20 ties brought six dollars. Once the ties were sold, supplies could be bought and the day and a half trip back to the farm was made.

In 1902 Joshua and John L. went to the bureau of land management in Springfield Missouri and signed up to homestead land in Stone County. Joshua homesteaded one hundred sixty acres where highway 13 and double O intersect today. John L. signed up for eighty acres just north of Joshua's land. Here they farmed and ran a railroad tie hacking business. In 1903 John L. and Francis had a son they named Melvin. Over the next fifteen years they had four more children. Ray in 1906, Orville in 1910, Alpha in 1915 and Birchie in 1917. Tragically, before 1910, Allie died of a heart condition and in 1917 Maggie died from pneumonia leaving behind her husband, Jessie Garrigus and three children, William, Berthy and Luvene.

For many years after they homesteaded the land in Stone County, the Whites and Nickersons farmed the land and cut oak trees into ties. Everyone helped out and the family thrived and survived. Melvin made trips to Springfield with his grandpa Joshua. They would pull handfuls of blue stem grass and tie it into bundles to feed the horses on the long trip. On one trip, the mare pulling the wagon had a colt. Joshua and Melvin let the colt nurse for a short while and then tied it in the wagon and continued their journey. They brought the colt home and Mary Nickerson named it Rock. Rock turned out to be a fine plow horse and Mary Nickerson rode him sidesaddle all over Stone County delivering babies. In addition to delivering all of John L. and Francis's children, midwife Mary delivered many other babies in Stone County around the turn of the century. Allie kept her fathers books for the tie hacking business. Francis raised the children, kept the house, grew a garden and fruit tree orchard and raised geese and hogs. Everyone had to pitch in. It was a matter of survival. In 1930 Joshua Nickerson died and was buried on a piece of his land at the intersection of Highway 13 and double O. John L. and Francis deeded this property to Stone County and it remains today as Nickerson Cemetery.

I asked Birchie who he was told built the cabin. He said he was told Joshua and Isaac built it. He told me that when Joshua moved his family to Stone county around 1877, they lived in the cabin for a short while. Then they moved several times until the early 1900's when Joshua and his son in law John L. White went to Springfield Mo. to sign up for government land to homestead. Joshua got 160 acres and John L. got 80 acres. I have sent for copies of the original deeds. Nickerson cemetery is on part of the original 160 acres that Joshua homesteaded. He

donated the land for the cemetery to the county. Birchie was born and raised and still lives on the original 80 acres that John L homesteaded. I live on a piece of ground that Melvin White purchased from the original homesteader. I'm not sure who it was. Birchie gave it to me and it borders the original 80 homesteaded by John L. I enjoyed the picture of Joshua and Maggie that you sent. If its OK with you I'm going to include it with the others on the Stone County home page.

Issac's birthplace is noted as Canada. Later his son notes NY as the birthplace of his father. The Nickerson Family of New England and New York often crossed between the two countries.

Below gives a bit of history between USA & Canada:

EVERTON'S FAMILY HISTORY NEWSLINE Wednesday, 20 October 1999

This Day in History: 20 October 1818

It has been called the longest unarmed international border in the world: the geographical/political line separating the United States from Canada.

Unlike many of the world's national boundaries, a passport is rarely needed by U.S. or Canadian citizens to cross into the other country. In many cases, people from one nation cross into the other (and return again) on a daily basis. Part of that ease-of-crossing is due to the amicable relations between the two countries, a spirit arising from a common heritage.

That's not to say that each country does not have its own unique history. But Canada and the United States share many of the same features. Like a largely immigrant population. A historical link to the United Kingdom. An English-speaking majority population with a strong French influence (in Quebec and Louisiana). A culturally influential Native American heritage. And a transcontinental spread from the Atlantic Ocean to the Pacific.

Along with a shared history, the two countries have often shared populations as well. Both before and after the American Revolutionary War there was almost constant movement of families between northeastern American states and the Canadian provinces to their north. Farmers and fortune seekers flowed back and forth across the border between the plains states and provinces. Shipping and railway commerce has thrived from the Pacific coast to the Great Lakes to the Atlantic seaboard. And immigrants from abroad have often used the port facilities in one country as a prelude to reaching their final destinations in the other country.

One hundred eighty-one years ago today, the mostly invisible border between the United States and Canada was established at the 49th parallel.

The Military Tract

In May 1812, an act of Congress was passed which set aside bounty lands as payment to volunteer soldiers for the War against the British (War of 1812). The land was set aside in the present states of Arkansas, Michigan and Illinois.

The bounty land in Illinois is located in the western part of the state between the Illinois and Mississippi Rivers [see map below on this page]. It includes all of the present counties of Adams, Brown, Calhoun, Fulton, Hancock, Henderson, Knox, McDonough, Mercer, Peoria, Pike, Schuyler, Stark, and Warren Counties. It also includes part of Henry and Bureau Counties, and those parts of Marshall and Putnam which are on the west side of the Illinois River. The area comprises about 5.4 Million acres. Approximately 3.5 Million was deemed fit for cultivation and was set aside for military bounties.

The tract was surveyed in 1815-1816 and opened to settlement. Then warrants for land were issued by the government. Many of these land grants can be found by searching Illinois Public Land Sales. For an explanation of the way the land in these grants are surveyed, see Federal Township-Range Survey System. *

The name Nickerson is an English surname from near Norfolk, England.

1830 Brown County Indiana historical records:

Isaac Nickerson is listed as one of the first settlers in the Brown Co, IN area...c 1835. There were approximately 10 families in the area at the time. (Source: Book, Brown CO, IND, History...DAR Library)

Isaac is listed as living alone in the 1840 census of Brown CO., IN

Possibly he was married before? with children? (not confirmed) (Due to his age at marriage to Alcey MATNEY and a historical marker in Stone CO MO where a ref. is made to he and Alcey's eldest son Joshua, on a "cabin" that was built by either Joshua or "HIS brother Herbert"...

Update: An Intereview of Birchie WHITE, 83 yrs old., May 25, 2000, Grandson of Joshua NICKERSON, Birchie notes that Uncle "Herbert", Isaac and Joshua built the cabin that now sits on Hwy 13, Kimberling City Golf Course, in Stone CO, MO. When asked who Uncle Herbert was and what happened to him, Birchie said was Uncle Herbert was "Joshua's brother, Isaac's son." Thus, Isaac must have had children by another marriage. He also believed some of the NICKERSONs were in Nebraska. Birchie noted that the cabin was originally a hunting cabin that Isaac would come down from the North to use with his sons.

The cabin was built just prior to the Civil War. It did survived the CW and is still standing. (destroyed by new owners 2006)

Son Joshua does relocate to the Stone Co. area after he marries Alcey Matney in ILL after the civil war. Joshua's children later reside in this cabin.

(Cabin is now located on the Kimberling City golf course parking lot, I Dawna J. Vicars, my mother Thelma Crabtree and my sister Pamela have personally toured the interior of the cabin on two separate occasions in 1990 & 1992. A historical marker noting Joshua and Herbert NICKERSON as brothers is now placed outside the cabin on the edge of the parking lot.) Update: 1999 Historical records for Stone county have been ammended to show Joshua as the builder of the Cabin...no mention of Herbert or a dispute of whom build the cabin in the first place. Maybe Isaac, Herbert and Joshua built the cabin together....)

1850 Brown Co, IN census list Isaac with wife Alcey and Family. Isaac is list as "Isaac P.T. NICKERSON"...what does the P.T. stand for?

1860- Fulton CO, ILL - Isaac is in the same home as below. A county home for the poor. (Alcey is listed in Fulton Co, with her children and noted as "widowed"???)

1870..FULTON CO, ILL ..Isaac shows up in the this census!!! at a county home:
Buckheart TWP, Fulton Co, ILL-household #263 fm. # 257
It's the Almes House for Fulton County. (Superintendent is James Prichard 35 yrs.)

"Isaac Nickerson", age 71, born w. Canada, parents both "foreign born" cannot read or write.
Should be able to get a death CERTIFICATE at Lewistown in Fulton CO, ILL

Could be buried in the County home (Almes house) cemetery without a stone.

I stumbled onto this in 1870 census - Buckheart Twp, Fulton Co, IL -household #263 fam. #257:
It's the Alms House for Fulton County. Isaac Nickerson, age 71 -born W. Canada. Both parents foreign born.
You should be able to get a death certificate from Fulton County at Lewistown. Can't imagine where he is buried
except at the County Home without a stone. Illinois was not required to record births and deaths Ti 1916; but
Fulton County was doing it much earlier. He has to be in Fulton County in 1860 also. Isaac is not at the Alms
house in 1880....assumed he died?

~~~~~  
I spoke too soon about how rare that Nickerson name is in Fulton County. There are several other Nickersons by  
1870; but from NY and NJ. Also - not in and around yours.  
Lyde

Could be he was born in an area close to NY and Canada. Later records of son Joshua and grandson William  
clearly note Isaac as born in "Canada". The Nickerson Family Assoc. believe him to be a descdt of Nathaniel who  
was a Loyalist (to the British) during the revolutionary war.

Dec. 1998 update

Letter from the Nickerson Family Association (NFA) Dated, Dec. 25, 1998

(ref. Isaac Nickerson's possible ancestors and the data I sent on Isaac's descendants)

" Dear Dawna,  
I apologize for it being so long responding to your letter and shipment of 26 November. A busy time of year,  
even in genealogy!  
..The Descendants of Isaac PT Nickerson register-style report will keep us busy for some time. We need to add  
these data to the family files as well as into the computer. For the record the report will be in the Nickerson  
archives in Manuscript Book 8, of course with your name on it.

The photos are great! I know you said you would send others to David Moran by E-mail, but he reports he has not  
seen them. (It might be just as well if you drop them onto a disk and send it direct to me- at least you will know  
these, too, are in the Nickerson archives. David as executive VP of the NFA has his hands full, and things  
sometimes fall Steen the crack.) Anyway, those you sent will be in the Album #3 in the archives.

Thanks for what you sent on Isaac. I still don't know who he is for sure, but I'm still not convinced about the NY  
vs. Canada thing. I suspect he descends from and is probably the grandson of Nathaniel(5) Nickerson (Nathaniel  
4, Thomas 3, William 2, William 1). This family is variously in NY and Ontario. (Nathaniel (5) was a Loyalist.  
Of the names of the Children of Isaac, one is really unusual- CHLOE. Chloe (6) was daughter of Nathaniel (5)).  
The Ontario and NY records are really poor and there are certain to be a bunch of missing kids we haven't picked  
up. The dates would fit, also.

I think the 1850 census is also the key. In this, Isaac would have provided the input as to his birthplace. (Isaac noted "NY"). In the later ones and on Joshua's death certificate, input would have come from Isaac's spouse or children or even grandchildren. Since Isaac's birth was after The Revolution, he would have listed "upper Canada" if he was from the Ontario Nickersons, as it was called at the time. Some of the descendants of Nathaniel (5) DID live in NY, some in Ontario, particularly in Coboug, on the north shore of Lake Ontario. We still don't know he (Isaac) is and we have something to work on!

Any ideas why the family of John (alias Joshua), son of Isaac, are called "Mulattoes" (DJV note: actually is was Mulugeons NOT Mulattoes and is from Indian heritage) in the 1880 census? If you have a photocopy of the original census in 1850, could you send it? guess I'm a born skeptic-would like to see for myself exactly why it says. It's unusual for someone born around 1800 to have two middle names-many didn't even have ONE- and I have no idea what "P.T." stands for.

Our records our only 30% in the computer. The rest are paper family charts filed by male/female first names, then by date of birth. We have no place index. To search for Stone CO, MO is impossible for us until we complete the computerization of the records. I've been working on it, but it goes slowly. I started with Aaron and am now up to George - 4.5 MB of data and 30,000 names. I figure we have about 250,000 names all told.

Well, I'll continue to work on this. I have more contacts who have been studying the Ontario Nickersons and will see if they can come up with something. Needless to say, if I find anything, will let you know.

Thanks again for the material and please keep in touch.

Sincerely,

Sept. 1999

Sent for a copy of the County Farm Record for Isaac and I'm confused.

It says he was admitted in Sept 1877 but I know he was there in the 1870 census, so I have asked for more information. (DJV-new records data were established n 1877 by new Law....thus the reason for the discrepancy...he wil merely transfered into the new system.)

The record is a large ledger book of 2 pages and states:

"Isaac Nickerson, male, 81, white, occupation Laborer, birthplace Canada, last residence Liverpool Twp, cannot read, cannot write, good health, no property, Authority for Admission Supervisor Liverpool Twp, Cause Poor, Remarks died Dec 20th 187? (the page is broken off)."

COUNTY POORHOUSE or ALMSHOUSE-  
"CARE OF THE POOR IN ILLINOIS"

Public care of the poor in Illinois began in 1819. In that year, the General Assembly passed a law mandating

public care and maintenance of those unable to support themselves and without family support. County overseers of the poor farmed out care of the destitute to private citizens. [Laws of Illinois 1819, p. 127]

In 1839, this system was reauthorized. County commissioners' courts were also authorized to establish county poorhouses, at their own discretion, to replace the farm-out system; to hire keepers of the poor, and to levy a property tax for poorhouse support. [Laws of Illinois 1839, p. 138] This poorhouse authorization was renewed in 1845 and 1861. [Illinois Revised Statutes 1845, p. 402; Laws of Illinois 1861, p. 181]

An 1874 law required all keepers (superintendents) of county poorhouses to keep books of account. [Illinois Revised Statutes 1874, p. 754] The superintendent was required to keep a record showing the name of each person admitted to the county poorhouse; the time of his admission and discharge; the place of his birth; whether his dependence resulted from idiocy, lunacy, intemperance, or other causes, stating the cause; and is required, at the same time each year, to file with the county clerk of his county a copy of the same, together with a statement showing the average number of persons kept in the poorhouse each month during the year. [Illinois Revised Statutes 1874, p. 758]

In 1917, counties were authorized to establish joint poorhouses and poor farms with other counties; and in 1919, the county poorhouses' names were changed to county homes. [Laws of Illinois 1917, p. 638; Laws of Illinois 1919, p. 698] The county home law was renewed in 1935 and 1945. [Laws of Illinois 1935, p. 1055; Laws of Illinois 1945, p. 1139]

In 1949, the Public Assistance Code was passed, making relief of the indigent a function of the new county departments of welfare. County homes were reauthorized only for care of infirm or chronically ill persons; counties were specifically forbidden from placing destitute but physically healthy persons in the county homes. [Laws of Illinois 1949, p. 404] In 1967, the Public Aid code repealed the county home laws and deauthorized the county homes remaining in Illinois. [Laws of Illinois 1967, p. 118]

#### Melungeon Heritage: Where to Start

What is a Melungeon? Good question. The term is applied to a widespread pool of people generally living in the southeastern United States whose roots include a mixture of Native Americans with immigrants from Portugal, northern Africa, and the eastern Mediterranean. The somewhat vague nature of the exact roots of any single Melungeon means that the term is often applied to just about anyone in the southeastern part of the U.S. with mixed-race ancestry.

The Melungeon Heritage Association uses webspace from the University of Virginia to assist those who are seeking help finding their Melungeon roots. They have an excellent FAQ (answers to Frequently Asked Questions) on Melungeons and the work of the Melungeon Heritage Association, online information about the Melungeons and their history, and numerous links to other websites with valuable information for those with Melungeon heritage.

" ELSIE JANE NICKERSON

Father & Mother: Mattine

Husband: Isaac Nickerson"

The Cuba Journal, Cuba, Fulton CO, ILL, Wed. July 24, 1907

"Oldest Woman in the State Died,"

Saturday about noon. rev. thomas Ringland received a telephone mesage asking him to come to Buckeye and preach a funeral sermon over the remains of Mrs. NICKERSON, who was probably the oldest woman in the state. The Lewistown Record has the following to say regarding her: Mrs Elsie Jane NICKERSON, aged 107 years died Thursday at the county farm. She was 107 years of age on June 4th last and was one of the early settlers of Illinois and came to Fulton County a half century ago. The family settled just outside of Canton and soon afterwards Mrs Nickerson and her husband parted. Her husband John Nickerson, died 19 years ago. She had one daughter, Mrs. Noah Hill, living in this county, but she was unable to care for her aged mother and at times has been an inmate at the county house herself. A son lives in Stone County, Missouri, and for several years Mrs. Nickerson lived with him. Last spring she returned to Canton and finding no-one to care for her she was taken to the county farm at her advance age. Some time ago it became apparent that she could not live long and the end came Thursday."

(Personal note of DJV, 17 July 2000 -

-Census records and marriage records indicate she was not really this old at death.

-Her husband's name is actually Isaac, although there is some indication taht a middle initial maybe a "J" vs. a "T" and could be for John.

-The son in Stone Co, MO was Joshua NICKERSON, where he reside until his death in 1930.)

CENTENARIAN DIES

Submitted by Vicki Hayes

Canton Weekly Register

Canton, Illinois, Thursday, July 18, 1907

Woman of Hundred and Seven
Finds Life road's End
at County Farm
Mrs. Elsie Nickerson
Was One of Oldest Women in County
- Pioneer of Fulton County -
Surviving Children

Elsie Jane Nickerson, perhaps one of the oldest women in America, passed away at the county farm shortly after 12 o'clock Wednesday night.

Mrs. Nickerson was 107 years of age on June 4, and is survived by a daughter, Mrs. Noah Hill, and two sons, Joshua and David Nickerson.

Mrs. Hill has separated from her husband and is working at odd jobs wherever she can find employment around the county. One son David, has been lost to the family knowledge for many years, while Joshua is farming in Stone County, Mo.

Mrs. Nickerson was among the early settlers in Illinois and one of the pioneers of Fulton County, having settled just outside of the city of Canton half a century ago. She and her husband became estranged a short time after their advent into this neighborhood and from that time lived apart. The husband, John Nickerson, died 19 years ago.

For many years the elderly lady was well known to the farming community of this section. She was a weaver by occupation and used to go among the people soliciting work. In recent years the weight of old age compelled her to give up all effort to sustain herself and from that time until her going to the county farm she lived with her son in Missouri. Tiring of her residence there, and longing to visit again the scenes of her early days in Fulton County, she was led to return to canton in the early part of the year. When she arrived her daughter, Mrs. Hill, was not financially able to care for her, hence the recourse to the county institution.

The time of the funeral has not been arranged, but will probably take place Friday. Interment will be in the Canton cemetery.

A Register reporter met Mrs. Hill Thursday and she said the expense of the burial would have to be met by the Fulton authorities.

"I'm too poor to give up a cent for mother's funeral," she said. "If my brother, Joshua, in Missouri, were here, he could defray the expense. He is in comfortable circumstances. But as for myself, why I scarcely earn enough to pay my living expenses."

RE: Obituary of Elsie Jane Nickerson - "CENTENARIAN DIES"

Funeral Home records of Fred E. Messler, researched by Marion Johnson, Canton, Ill., show the following:

Born: June 4, 1800 in Kentucky
Died: July 18, 1907, County Farm, Fulton County, IL.
Buried: Buckeye Cemetery, July 19, 1907
Age: 107 years 1 month 14 days
Father and Mother: Mattine
Husband: Isaac Nickerson

Death certificate #3216, researched in the Fulton County, IL Courthouse by Betty Gibboney, shows the following: Eliza Jane Nickerson, B. KY lived 40 years in Illinois; died in Alms House, buried Buckeye Cemetery.

I believe Ellsie Jane Nickerson to be a sister to my gr. gr. grandfather, Joshua Matney. If so, records researched by several descendants show her as Alcey Matney married to Isaac P. [J?] T. Nickerson in Brown Co., IN 21 Sept. 1842.

Van Buren Twp., Brown Co., IN Census shows Alecy Nickerson, Age 28 years with children Joshua, Rosana, Daniel and David.

Found your web site and it's wonderful. We Connect at Isaac Nickerson. I live in Fulton County and have information on him and his child Rosa Anne Nickerson who married Joseph Sherwood. I will share any information you would like to have and will also search any Fulton County records you would be interested in.

I took early retirement and have since been searching both sides of my family who have both been in Fulton County since the 1840s. I began with my mother's Brown family for the past three years and have hit an impasse with a Benjamin Brown and Peter Harper so I began the search for my father's family, Foote, Paul, Sherwood, and Nickerson. I've only been on it for the past month, so I haven't looked so much for details, but for generalities in the census, marriages, and cemeteries.

Isaac Nickerson is listed in the 1870 census in Buckheart Township at what was known as the County Farm. There were no facilities for older people who could not take care of themselves such as blind, missing an arm or leg, senile, or insane. So they were sent to the taxpayer supported County Farm. It doesn't say in the census that he was insane or senile, which it usually does, so I'm assuming he was blind, possibly cataracts or glaucoma. He told the census taker he was 71, born in West Canada, and his father and mother were foreign born.

A coal mine bought the County Farm land in the early 1950s and the inmates who were buried there were re-interred at Greenwood Cemetery in Canton. However, about 200 inmates were buried at the County Farm, but through searches by the historical society in the obituaries of the newspaper on microfilm, only about 120 were accounted for. I believe Isaac is among the unaccounted as I have searched the cemetery records and he is not there.

Elsie (your Alsey, I believe her Kentucky accent confused the census taker) is buried in Buckeye Cemetery located at the Buckeye Church in Cass Township as is her daughter Rosa Anne Sherwood and her granddaughter Martha Alice Foote.

Alice, as she was known, wrote a diary into the 1930s which was inherited by my cousin John. I'm in the process of transcribing it to disk. It begins with the following entry, undated but probably July 1907:

From the diary of Martha Alice (Sherwood) Foote

"Mrs. Elsie Jane Nickerson wife of Mr. Isaac Nickerson [Alice Foote's grandmother] my parenthesis-dw Died July 18 1907 at the County farm. her death was due to old age. She was borned in _____ Kentucky Oct 18 [1818]. at the time of her death she was 88 year and 9 months old. She was the mother of seven children one died in infancy. She has three living Children Joshua Nickerson living in stone Co Mo. Mrs Cloe Hill near Canton. Mr David Nickerson we dond know where just at present but has not been lost from the knowledge of the family more than 2 months for he was at his brother inlaws then. Rosan Sherwood Daniel Nickerson and Martha Mason have all passed beyond this vail of tears. She has one half sister living in Canton her name is Mrs Rosa Wright. [crossed out I went to cos..] grandma Nickerson made her home with her daughter Mrs Rosan Sherwood. Shortly before mrs Sherwood death she went to live with her sister Mrs Rosa Wright in Canton and as they were both old and feeble mrs Nickerson was taken to the County house this Spring. her grand Children has payed the last respect to grandma that they can we buried her as nice as we could without the help of any of her Children the funeral was preached Friday at 2. oclock at the Buckeye church by Mr Ringland of Cuba interment in the Cemetery back of the Church."

Besides this Alice was lax on spelling, capitols and punctuation, but I typed it just as it was written. I remember grandma Foote at family dinners and reunions. She had beautiful white hair and never said much. Donna

Migration of Alcey (AKA Elsie) Matney Nickerson

1850 Listed in Brown Co, IND with her Husband Isaac and Children.

Sometime between 1850 and 1860 Alcey and family move to Fulton CO, Ill. Although unsure if our family was there at the time, in 1851 Fulton county suffered from an Cholera epidemic. The following is a excerpt ref. a local citizen:

Fulton County subscribers might be interested in the following mention of the Cholera Epidemic of 1851. It's taken, in part, from the 1890 biography of a Vermont Twp resident.
"...In an account of the Asiatic cholera epidemic that raged in Fulton county in 1851, the unremitting and arduous services of our subject in caring for the sick and dying received honorable mention. While many fled from the scene of affliction, he was one of the faithful few, who heroically stood at the post of duty to the bitter end. Night and day from June until September, with characteristic self-sacrifice and pitying kindness, he administered to the afflicted, doing all that he could to allay their distress; and he tenderly assisted in the burial of the dead. He witnessed many sad scenes with an aching heart. Men who assisted in burying a victim of the dread disease in the morning, were often stricken with the cholera and would be dead before night. About seventy died in this neighborhood in a few weeks time, our subject being one of the small number who escaped."

#####

I once read another account describing such fear in the neighborhoods, that often mere children were left with a shovel to bury their dead parents, because everyone was afraid to go near the bodies.

Notes for Chloe Nickerson:

1903 she married Noah Hill who appears to have been married twice before. In 1895 to an Emma. And prior to that, c. 1880, he married, as in 1930 he states he was married 1st at age 18...or 1880.

1907 Chloe is quoted in her Mother's Obit under Mrs. Noah Hill. By 1910 Noah Hill is listed, stil in Canton, Fulton CO, Ill, but as a divorcee!.

I haven't bee able to locate Chloe after 1907. She may have remarried, or died..but her husband says in 1910 divorced. So it is logical to believe she is living.

1860 Chloe is listed with her mother and siblings in Liverpool, Fulton CO, IL (her father is not listed)

Birchie (White) ... told me today that all he remembers about his grandpa (Joshua) is seeing him sit in a chair on the front porch of his house tapping his walking cane on the porch and spitting tobacco juice into the front yard. Birchie said he saw him doing that many times. I think Joshua was nearly blind by the time Birchie was old enough to remember him.

Details of the 103rd during the Civil War:

103rd Illinois Infantry Regiment History  
 Adjutant General's Report

About the 6th of August 1862, Hon. A. C. Babcock, Captain G. W. Wright, late of the Seventeenth Illinois, Mr. Peterson and other influential men of the county, concluded that it was possible to form an entire regiment from Fulton county.

On the 6th of September nine companies arrived at Peoria, went into camp, and organized as the One Hundred and Third Regiment, electing A. C. Babcock Colonel; Parley Stearns Lieutenant Colonel; G. W. Wright Major; W. A. Dickerman Quartermaster and S. S. Tipton Adjutant.

It had been understood with Governor Yates that in case Fulton county could not, by the 1st of October, furnish a sufficient number of men to form a regiment, he would send a company from some other county.

About the 27th of September, Colonel Babcock visited Governor Yates to get the tenth company. On referring to the last morning report, it was found there were enough to muster ten companies.

Colonel Babcock returned, and on the 1st of October ordered that the extra men be formed into a company. On the 2d of October this was done, when the Regiment was mustered into the service of the United States by Lieutenant Knox, U.S.A.

The 18th of October Colonel Babcock and Lieutenant Colonel Stearns resigned their commissions to the Governor, never having mustered into the United States service. The vacancies were filled as follows:

Quartermaster Dickerman was made Colonel. Major Wright was made Lieutenant Colonel. Captain Willison, of Company A, Major. Lieutenant Bishop, Captain of Company A. Lieutenant Worley, First Lieutenant of Company A. H. Willison, Second Lieutenant of Company A. Second Lieutenant Mellor, of Company F, was made Quartermaster. J. H. Bailey was made Second Lieutenant of Company F.

The officers of the One Hundred and Third had many of them seen service in other regiments, the Seventeenth Infantry furnishing six; the Eighth Infantry two; the Seventh Cavalry one, and the Fifty-fifth one. For this reason the Regiment early took a front rank in regard to drill.

The 24th of October, the Regiment being in a fair condition for service, received orders to be ready to move at a moment's warning. On the 30th orders were received to move by the Illinois Central Railroad to Cairo. The next day we bade adieu to our many friends in Peoria.

At Cairo we took boat for Columbus, Ky., where we were again placed on cars and at night arrived at Bolivar, Tenn., having made the trip from Peoria in 52 hours.

We were now at the front, within 18 miles of a large and well appointed force of the enemy. We were here assigned to the First Brigade, commanded by Colonel Pugh, of the Forty-first Illinois, Fourth Division, Brigadier General Veach, Thirteenth Army Corps, General J. B. McPherson commanding.

November 3 we moved en route for LaGrange, where we arrived with the advance of the army, went into quarters near, and finally in town. Drill and frequent scouts filled up the time until November 28, when the army designed by General Grant for the capture of Vicksburg we moved south, and on the 1st of December passed through Holly Springs and camped near Waterford, at which place we were left as garrison, with the additional duty of guarding the railroad to the Tallahatchie River. Companies B, H, I, G, E and K being placed on the railroad with orders to fortify and protect bridges.

We were here attacked by the scourge of the Army, measles, from which we lost a large number of men, who either died or had to be discharged. We remained at Waterford until the 31st of December, when the Regiment moved by rail to Jackson, Tenn., Company G taking the wagon train. At Jackson we were assigned to the Second Brigade of the Second Division of the Sixteenth Army Corps. Colonel Dunham commanding Brigade. Drill and usual camp duties filled up our time until the 10th of March 1863, when we were moved by rail to Lagrange, and assigned to the Second Brigade, First Division, Sixteenth Army Corps. The Brigade consisted of the Sixth Iowa, Fortieth Illinois, Forty-sixth Ohio, Fifteenth Michigan, and One Hundred and Third Illinois, -commanded by Colonel C. C. Wolcott, of the Forty-sixth Ohio. These regiments (with the exception of the Fifteenth Michigan which was afterwards transferred to the Second Division of the Fifteenth Corps,) and with the addition of other regiments from time to time, constituted the Second Brigade of the old Fourth Division, and when it was broken up at Atlanta in September 1864, was the Second Brigade of the First Division, Fifteenth Army Corps, until they were mustered out at Louisville, Ky., in 1865.

We remained at Lagrange, following the regular duties of camp, picket and scout, until the "Grierson Raid" was arranged. The 17th of April, with the garrison of the post under General W. Sooy Smith, left Lagrange striking south to Holly Springs and Waterford, turning to the right until we arrived at Colliersville, on the M. and C. R.R.; thence back to Lagrange. We were gone nine days. Marched one hundred and seventy-five miles on three days' rations.

About the 1st of May Companies A and F were sent to a small station on Porter's Creek, eight or ten miles east of Grand Junction. While here, Captain Bishop in command, assisted by some natives, captured the notorious guerrilla chief, known as Colonel Sol. Street, with almost his entire command, some twenty-five or thirty.

The 2d of June the entire Regiment was placed on the M. and C. R.R., at different points. The 5th we received orders to go to Memphis. Arrived the 6th, and placed on transports the 8th, started down the river, arriving at Snyder's Bluff, on the Yazoo, the evening of the 13th, and assisted to fortify the Bluffs. We were here attached to the Ninth Corps, Major General J. G. Parks, commanding. The 23d we marched out to Oak Ridge, near Black River, and again fortified, thus guarding the rear approaches to Vicksburg.

July 4th our part of the army, under command of General Sherman, was ordered to advance to Black River, and be ready to cross. We arrived at Black River the night of the 4th. The One Hundred and Third was chosen to force the passage of the river, here four to six rods wide, and from four to ten feet deep. Fortunately, the order was revoked, and the next morning the enemy was gone. We crossed the river, and were en route for Jackson. The 11th we arrived in front of Jackson. On the 16th General Johnson quietly evacuated, and we took possession. During the siege and march we suffered greatly from want of water. There being no wells, and cisterns soon giving out, we were forced to use the water collected in pools, in nearly all of which General Johnson had caused to be killed an ox or a mule, so that to use the water was victuals as well as drink.

The 24th, our Division having been assigned to the Fifteenth Corps, as the Fourth Division, we started back to Black River, which we crossed about the 27th, and went into Camp Sherman, having suffered most terribly while on the road from heat and want of water.

We remained here, drilling, and doing a great deal of private foraging, the fruits of which aided materially in preserving the health of the Regiment, which, now that active service was over, suffered severely. At one time there were but two commissioned officers fit for duty in the Regiment. While here, Company F was on detached duty with the Division Commissary.

September 28th we received marching orders, and the next day the Fifteenth Corps was on the road and arrived at Vicksburg, taking transports for the North as fast as they could be furnished.

The One Hundred and Third arrived at Memphis on the 11th, at 9 A.M., drew new arms (we had heretofore been armed with old fashioned "69" Harper's Ferry muskets), and at 11:20 were marched out of Memphis to the tune of "The Girl I Left Behind Me".

We arrived at Iuka about the 20th, having made two considerable detours from the direct line of march from Memphis. Here we received pay, transferred some men to the Invalid Corps, refitted the command, and on the 27th crossed the Tennessee River at Eastport, arriving at Florence the 29th, and began fortifying the place.

The 3d of November we again moved out, striking the N. & C. R.R. at Cowan about the 12th following the railroad to Stevenson and Bridgeport, where we arrived about the 18th.

An attempt had been made by General Corse, commanding, to mount the Brigade, and enough horses were picked up to mount the Fifteenth Michigan, and two companies - C and G - of the One Hundred and Third, who were then detached from, and did not rejoin the Regiment until the last of December, at Scottsboro, Ala.

On the 20th we left Bridgeport, and crossing Sand Ridge moved southeast so as to strike Trenton, near which we camped the night of the 21st. After building numerous and extensive fires to mislead the enemy, about midnight we quietly withdrew, marching towards Chattanooga, arrived at Wauhatchie the afternoon of the 22d, crossed the Tennessee at Brown's Ferry, and moved up back of the hills near to the place where Sherman's army subsequently crossed.

The morning of the 24th, with our Division, we crossed the river on the pontoon bridge and began the attack on the north end of Missionary Ridge. By 3 P.M. we had assisted to take the first of the hills, which we securely fortified, and at night drew up by hand the guns of Richardson's First Missouri Battery and placed them in position.

The next hill, the one through which the tunnel passes, was the strong point of the Confederate right, and was accordingly strongly fortified. On the 25th our Brigade charged these works, and had it been possible, would have taken the point. Captain Walsh, of Company B, was killed within fifty feet of the rebel works, as were a number of men. After doing all that could be done General Corse ordered us to retire, which we did (part way down the hill) and fortified, expecting to try it again soon. In the meantime the rebel left and center had been crushed, which relieved us of further serious fighting. The eight companies at the beginning of the engagement mustered 237 men, of this number, one commissioned officer, Captain Walsh, and 19 enlisted men were killed on the field, and 68 wounded, 5 or 6 of whom died of their wounds.

After the engagement we followed Bragg for nearly two days and then went to the relief of Burnside at Knoxville. Arriving within 20 miles of Knoxville, we learned that General Longstreet had raised the siege and "fled to the mountains". Having rested, we set out on our return to Chattanooga, which place we passed through about the 16th of December, arriving at Bridgeport the 19th, many of the men being literally barefooted.

Being newly clothed and paid the 24th, we marched to Stevenson, Ala., where we remained over Christmas. The next day we started for Scottsboro, Ala., but a heavy rain setting in we did not reach that place until the 28th.

In 91 days since we had left Vicksburg we had been transported 500 miles, marched over 1100 and participated in one of the most glorious victories of the war.

While in Scottsboro, nominally winter quarters, few days passed on which we were not called out for forage or scout.

Companies C and G returned to the Regiment, and Company F was again detailed to the commissary department.

About the 8th of February 1864, we were ordered to report at Cleveland, Tenn., which we did on the 14th. Here we were attached to a Provisional Brigade composed of nine regiments drawn like ourselves from the Fifteenth Corps, Colonel Dickerman, of the One Hundred and Third, being in command.

On the 23d we left Cleveland, Division commanded by General Chas. Cruft, and marched to Catoosa Springs that night. Here we joined General Palmer, commanding this detachment of the army.

The 24th we occupied the valley west of Tunnel Hill. During the night of the 24th moved to within three miles of Buzzard Roost Gap. The next morning formed the advance line and moved forward to wake up the enemy, which being accomplished, we were placed in reserve.

At night General Palmer, finding the object of the trip accomplished, ordered us to return to the position of the night before. The object of the movement was to prevent the rebels sending re-enforcement's to their army in Mississippi, while Sherman was making his Meridian Campaign.

The 26th we returned to Catoosa Springs, and the next day to Cleveland. We remained at Cleveland for a few days, then marched back to Scottsboro, where we arrived about the 10th of March. Being properly refitted and reviewed, the 1st of May we set out for Chattanooga, where we arrived the 3d, and began the glorious Atlanta Campaign. The 5th we moved south, by the way of Crawfish Springs and Gordon's Mills, over a part of the battle ground of Chickamauga, through Villanow to the entrance of Snake Creek Gap, fourteen miles southwest of Dalton. By the 14th we were in sight of Resaca, where we lost one man killed and several wounded, among the latter, Major Willison.

The 16th the enemy evacuated. We followed as fast as circumstances would permit through Adairsville and Calhoun, arriving at Kingston the 20th. The 23d we struck southwest to Van Wirt, passing over the "Dug-down" Mountains, and camped on Pumpkin Vine Creek, five miles south-west of Dallas, the night of the 25th. The 26th we moved through Dallas, taking a position about half a mile south-west of town, having quite a lively skirmish, but with no loss to our Regiment. At night works were built. The 27th, early, we were attacked, but the attack was easily repulsed. Here Captain Smith, of Company K, while advancing the skirmish line, with the help of two men, captured a rebel outpost and made twenty-one prisoners.

Our loss this day was two killed and thirty-five wounded. On the afternoon of the 28th General Hardee, with a large force, made several unsuccessful attacks on our Brigade. The loss of the Regiment in this engagement was small in numbers but seemingly irreparable, four being taken prisoners and eleven wounded, among the latter was Colonel W. A. Dickerman, who received a mortal wound near the close of the engagement. He died at 2 o'clock on the morning of the 30th. His loss was severely felt by his command, and it is believed that what reputation the Regiment had for discipline and prompt action when called upon, was largely due to him.

The night of the 1st of June the army moved by the left flank occupying Allatoona Pass, the enemy falling back, his right resting on Kenesaw and left on Lost Mountain. The night of the 2d we rested at Ackworth. The 6th, made a reconnaissance to and beyond Big Shanty and returned. The 7th we advanced to Big Shanty with the army, and about this time were in reserve for three days, this being all the time that we were not in the actual front during the entire Atlanta Campaign.

The 15th of June we moved to the extreme left of our army, and, by a rapid movement of our Brigade, captured some 470 of the enemy, the loss of the Regiment being four killed and seventeen corporals and one sergeant wounded. This was considered a bad day for Chevrons.

June 27th our Brigade, as usual, was chosen from the Fifteenth Corps to assault the impregnable Kenesaw. The attack was unsuccessful. Of twelve officers of the Regiment who went into the action, three were killed: Lieutenant Bailey of Company F, Lieutenants Montgomery and Branson of Company I, and four wounded, among the latter Lieutenant Colonel Wright, commanding the Regiment. Colonel Wright was serving on the Division Staff at the time, but, as the Regiment was without a field officer, he joined it and took command. Of the enlisted men nineteen were killed, the wounded unknown.

The morning of the July 4th we occupied Marietta, detaching a part to bury our dead of the 27th. That duty being accomplished, we moved to the extreme right of the army, near Nickajack Creek, where we remained until about the middle of the month, when, with the Army of the Tennessee, we moved to the extreme left, crossed the Chatahoochie near Roswell, and moved south to Decatur, finally swinging into line around Atlanta. On the 22d, when we were within one mile of the city, Gen. Hood attacked us with great skill and vigor, the Sixteenth and Seventeenth Corps being partially driven back, with the exception of the Brigade on the extreme right of the Seventeenth, our Regiment, being the left Regiment of the Fifteenth Corps, and, joining the Seventeenth Corps, changed from front to rear and back again, until the order had been seven times repeated, each time repelling the attack made on the position. During the day we captured some two or three hundred prisoners. Being partially protected by works our loss was not severe. Lieutenant Blair, of Company D, and three men, being killed.

On the evening and night of the 27th we were transferred to the extreme right of the army, where, on the 28th, while prolonging the line, we were again attacked by General Hood, who threw line after line on our unprotected front, but without effect; our loss was 4 killed.

Remaining in line until the night of the 25th of August we left our works, and passing by the Confederate left struck the A. & W. R.R. near Newman Station, destroyed some miles of track, then passed on the M. & A. R.R., which we struck near Jonesboro on the night of September 1. Here we attacked General Hood who had just retreated from Atlanta, and as usual defeated him.

On the 2d, Captain George Wilkinson of Company B, A.A.A.G., of the Division received a wound, from which he died the 23d. He was one of the best loved and most respected officers in the Regiment.

On the 5th of September we returned to, and camped at East Point, six miles southwest of Atlanta, and took the first nights rest since the 11th of May without the sound of a rebel gun to lull us to sleep. We had been under fire all that time, and in the front except three days. We had been in every engagement that the Brigade, Division or Corps had in any way been engaged, and were as ragged as any Regiment in the army. We were immediately clothed and refitted for business, in the meantime building a few miles of field works just to keep our hands in.

To a detail of the Regiment in the form of a Company, in connection with a Company of the 97th Indiana, was given the duty of guarding the neutral ground, on the part of our army, while prisoners were being exchanged and citizens were being sent south by General Sherman.

The Fourth Division of the Corps was here broken up and the Second Brigade was assigned to the First Division, General Charles Wood commanding.

September 27th, truce being concluded, General Hood having passed to our rear and destroyed the railroad, we followed in his wake as far as Gaylesville, Ala. Returned to Smyrna Camp Ground about the 1st of November, when we were again paid off and refitted. The 15th we passed through the burning city of Atlanta and camped near our old position. The morning of the 16th of November, saw us enroute "to the sea".

The 22d the Second Brigade, numbering 1819 muskets with two pieces of artillery, went to the support of a Division of Cavalry near Griswoldsville, a town ten miles east of Macon. We drove the enemy into and beyond the town, then retired a short distance. He we were soon attacked by the enemy 9,000 strong according to their own report, whom we severely defeated, he losing in killed, wounded and captured more than the number of our entire Brigade. Our loss was three killed and two died of wounds; the loss to the Brigade was 92 killed and

wounded.

The morning of December 9, we crossed Ogeechee River and by night the investment of Savannah was completed. The 13th, Fort McAlister being captured, our "Cracker Line" was open. After a week of desultory fighting the army evacuated and the 21st we marched into Savannah and occupied one of the numerous and beautiful parks, for which the city is so justly celebrated, as city guard.

The Regiment participated in the campaign of the Carolinas, leaving Savannah about the middle of January 1865, going to Beaufort, S.C., via Thunder Bolt, where we remained until the 27th. Crossed Broad River, and on the 28th and 29th were on a reconnaissance toward Charleston. Participated in all the skirmishes and battles in which the First Division of the Fifteenth Corps was engaged.

Arrived at Goldsboro, N.C., the 22d of March, and at Raleigh April 14th. The 30th of April the Regiment left Raleigh en route for Washington, passing through Richmond the 9th or 10th of May, and arrived at Alexandria the 19th or 20th. Being partially refitted, we participated in the Grand Review at Washington on the 24th of May, and camped three or four miles north of the city.

Not being included in the list of the regiments to be mustered out, on the 31st of May we marched to the freight depot of the B. and O. R.R., whose cars had been prepared for us, and started for Louisville, Ky., via Parkersburg, W.Va., where we took boats down the Ohio River, arriving the afternoon of the 4th of June at Louisville, and camping on Bear Grass Creek.

The 14th of June the order for our muster was received per telegraph, and the 21st, the necessary rolls having been prepared, we were mustered out of the service on the United States by Major Dicky, U.S.A. -having been in the service two years, eight months and twenty days. In that time we had seen service in all the Confederate States but two (Texas and Florida), had been engaged in twenty-four battles, besides the sieges of Vicksburg, Jackson, Atlanta and Savannah, and skirmishes without number. We were ordered to Chicago, where we arrived June 24th, for final pay and discharge, which we received the 9th of July.

Number originally mustered in, 804, + Recruits 84 for Total of 892

Of the eighty-four recruits, nine never joined the Regiment. The record of the eight hundred and eighty-three men was as follows:

Notes for Mary " Maggie" Margaret Clark:

Says on her death cert dshe died of Cerebral Hemeroge bassically a stroke.

It also says her father is William Clark, vs. Benjmin Clark. Mother Maggie Mackley

Pension Records of husband refer to her maiden name as Ashby. Marriage cert. is the only notation that her name is Clark. so it appears she was born a Clark, but raised by an Ashby and took his name.

In 1850 a William Ashby lives next door to a Benjamin Clark and his wife Elizabeth.

(In 1880 William Ashby lives with Mary Margaret's sister Clarissa.)

In 1860 several of the Clark girls are living in the household with William Ashby. The Clark parents are not listed, the brother's have moved somewhere else.

Clark was her real name, with Benjamin Clark as her biological father, however, it appears William Ashby raised her. William Ashby is buried next to Mary in the NICKERSON Cem. of Stone Co, MO. As of March 2000, both graves were unmarked. (Mary's was Marked as of April 25, 2000, with contributions of Grandchildren & great Grandchildren: Dawna Vicars, Thelma Vicars, Jean Wright, Bonnie Wamsley & Richard White & Birchie White)

" Mackey" appears to be an error on the death certificate.

Mary's occupation was a midwife.

My paper copy of the 1860 and 1870 census doesn't give anymore information than above. Dawna,

You know who I think is really an interesting character. Mary Nickerson. She was a midwife here in Stone county. She would take a team of horses to help deliver babies day or night. Birchie told me she delivered all of his brothers and sisters and himself. She probably delivered your grandma Viola also. The tragedy of it is that she lies in Nickerson cemetery with no tombstone. I didn't know it until recently when Birchie was telling me who is buried in Nickerson cemetery. Apparently, alot of people that died in the depression years were buried without headstones. Many have only rocks to mark there final resting place. Birchie is the only one alive that knows who is in most of the unmarked graves. He keeps a book. I plan on purchasing gg-grandma Mary a stone when I can.
Richard

(personal note...in April 2000, Richard and I went together and purchased a Headstone for Maggie. Several relatives contributed to the headstone purchase. Ricahrd had it placed. Dawna & her daughter Ashlyn flew out to Stone Co, MO for a celebration on Memorial Day May 30, 2000. Dawna)

The Nickerson Cemetery is located between Reed Springs & Kimberling City, Mo. Across the road from what is now Table Rock Lake.

The 1850 and 1860 US Census indicates that Benjamin Clark was probably Mary's father, but there is a possibility that Elizabeth Clark died in child birth when having Mary Clark or shortly there after. Benj. thought to have died with Elizabeth, later shows up in the 1870 census with one of his older son's and and new wife and young daughter. Possibly, he was away for a time in the Civil War (need to research).

theory: Clark is Mary Margaret's real last name and mother may have died in the Cholera epidemic of 1851. Leaving small Mary and her siblings to be raised by family and Friends. Appears William Ashby raised them. Father Benjamin Clark, it is unknown where he was in 1860. In 1870 he shows back up with a new wife and family and Mary's older brothers. Could be he keep the eldest boys and the girls were raised by William Ashby. William Ashby, seems to have a great deal of people living with him in 1860.
(My quote about the cholera epidemic was from the biography of ISAAC B. WITCHELL; on page 287 of Portrait and Biographical Album of Fulton County, Illinois - 1890.)

Also, William Ashby relocates to Stone Co, MO and is buried next to Mary Margaret (Clark/Ashby) Nickerson in the Nickerson Cem.

Here's is a history written of her sister....but follows Mary's life as well:
THE LIFE OF MATILDA JANE CLARK AND HER DAUGHTER IDA FRANCIS OATMAN

This is the life of Matilda Jane Clark born August 17, 1846 in Fulton Co. Illinois. She was the daughter of Benjamin Clark born in 1793 in New Jersey and Elizabeth born in 1812 in Ohio. In the 1850 Census, when Matilda was four years old, she and her brothers and sisters were living with their father and mother in the Liverpool Township of Fulton Co. Illinois, Census page No. 342 which was taken Dec. 18, 1850. William Ashby born in 1812 in Virginia, was Benjamin and Elizabeth's next door neighbor. (Note: in all later

years Matilda must have considered William Ashby to be her father, because she always showed that her father was born in Virginia, when Benjamin Clark was born in New Jersey.)

It is not known what happened between 1850 and 1860, but in the 1860 Census fourteen year old Matilda and her two sisters, twelve year old Clarrissa and 9 year old Mary Margaret were living with forty-eight year old William Ashby and 4 other people. Benjamin and Elizabeth were no longer in the picture. Matilda's brothers, twenty-five year old Thomas, twenty-three year old George, and nineteen year old William had moved somewhere else. This was per the 1860 Liverpool Township of Fulton Co., Illinois Census page No. 79 & 80 which was taken on June 15, 1860.

In the 1870 Liverpool Township of Fulton Co., Illinois Census, page No. 172 which was taken on June 7, 1870, Matilda's nineteen year old (shown as eighteen years old in error) sister Mary Margaret was living with twenty-six year old Joshua Nickerson from Indiana, with a one month old female infant. Matilda was living with forty-two year old William Oatman, and their four children, seven year old William Henry, five year old Francis Marion, two year old George Louis, and four month old Sarah Ann. Matilda's sister twenty-one year old Clarissa was now keeping house for fifty-four year old William Ashby, and living with them was sixteen year old Joseph Ashby, relationship unknown.

Matilda's daughter Ida Francis was born in Fulton Co., Illinois on August 5, 1874, and Joshua Nickerson and Mary's daughter, Menerva was born in January 1872 in Fulton Co., Illinois, Mary E. was born in November 1873, in Fulton Co., Illinois, America F. was born in 1874 in Fulton Co., Illinois, and William Albert was born on January 28, 1877 in Fulton Co., Illinois. It is not known what happened to the Nickerson female infant, born April 5, 1870.

Sometime between 1877 and 1880, William Oatman, Matilda and their children, and Joshua Nickerson, Mary Margaret and their children moved by covered wagon from Fulton Co., Illinois to Stone Co., Missouri with other families.

In the 1880 James Township of Stone Co., Missouri Census page 44 taken June 17, 1880, William Oatman, Matilda and their children were living next door to Matilda's sister Mary Margaret and her husband Joshua Nickerson (shown in the census as John Nickerson). Matilda's son William Oatman was at her sister Mary Margaret's home on the day the census was taken.

On an 1880 census that I found; Fulton, IL Enum. Dist. 54 Reel 208 Page 360 Date: 06/07; was this information:

Whites

by Richard White

The White family probably immigrated to the American colonies from England but when and where is unknown to this researcher. Charles White was born in Tennessee around 1794. Here Charles grew to an adult and may have fought as a Tennessee volunteer in the war of 1812. Sometime before 1818, Charles married a woman named Anna and started a family. Not much is known about Anna but this researcher believes that she may have been a Choctaw Indian. Soon afterward, Charles and his family moved to Illinois then Missouri and finally settled on Bear Creek in present day Boone County Arkansas, near Harrison. Hear Charles and Anna raised their ten children and lived out their lives. Charles and Anna's sixth son, John R., was born on Bear Creek in 1849.

John R. grew up on Bear Creek with his brothers and sisters during a very turbulent time in American history. When he was twelve years old, war broke out in the Ozarks between the newly succeeded Confederate State of Arkansas and the greatly divided Border State of Missouri. Many homes and communities were divided. Some believed in the sovereignty of the Federal government to ultimately rule the States and were against the institution of slavery. Others believed in States rights and believed the Federal Government should leave questions such as slavery up to each State to decide. Many were just against any one who would take up arms against their homestead and threaten their way of life. So strong were people's convictions that they fought against friends and even family for their beliefs. From 1861 when hostilities erupted at Wilson's creek south of Springfield Missouri, until the last ditch effort by the Confederates to retake Springfield in 1865, people in the Ozarks had to live with occupations by both armies as they seesawed back and forth for control of Southwest Missouri.

In 1864 when John R. turned sixteen years old, he joined a regiment of Arkansas Home Guards formed on Long Creek by Captain Gaddy of the Union Army. By this point in the war, the Ozarks were under Union control with occasional small scale guerilla attacks by the Confederates. Home Guards were formed to protect communities. They were armed men of the community trained by army officers to protect their homes and businesses from raiding parties. John R. and some of his brothers and cousins joined the Home Guards and helped keep peace in Carroll County Arkansas and surrounding communities.

Notes for Dellah Pearl Harris:

In a book on Cancer written by Dr. Perry Nichols, Daughter Viola Nickerson Crabtree has written 2 passage about her mother's experimental treatment for cancer.

Noting a photo of Dr. Perry Nichols in the preface:

"This was mother's Dr. when she had her first operation for cancer. March 1922"

Under the list of names, in the "N" section Viola Writes:

"1923 Dellah Nickerson went to the hospital in 1923. Had her Brest removed. She thought this hospital was a wonderful place." Hospital was Dr. Nichols Sanatorium.

It is said her breast were "burned off" and the smell (from burned flesh) was difficult for many to tolerate.[Harrisf_June_family30Jun04.FTW]

Before Table Rock Lake was formed in the 1950's twenty area cemeteries had to be relocated. These twenty were combined into one, including the old Philibert Cemetery. The list below was obtained from the Army Corps of Engineers Little Rock, Arkansas, and while there are no dates of burial it does give names in instances where graves had markers. There were over two hundred graves relocated to the new Philibert Cemetery that did not have markers. Notes for William Nickerson:

In a message dated 11/15/2008 7:03:17 P.M. Pacific Standard Time, connectionservice@cbsvc.myfamily.com writes:

Hello,

I've been working on Davis side of family and have had a little tickle with your file, Nickerson - Mary Pearl Hastings (FEB 1883 to 1919) who married John E Nickerson (1881-1948). They had a son William

One of my aunts told a story of her Great Uncle Will who we had never figured out who it was. This story said he passed away in Seattle and she went along with her aunts and grandmother (my great aunts and great-grandmother) to the funeral.

I see you don't have a death date for William Nickerson (1902-, will try to look into that. Here is the story:

"When we were in North Bonneville, Aunt Helen, Uncle Charles, Aunt Zona and Mommie (Elizabeth Ann Hastings Davis) came by the house in a car with a rumble seat. They were on their way to Spokane to my great uncle Will's funeral. They said I could go with them. Aunt Zona and I rode in the rumble seat covered with a blanket and a tarp. It was COLD and raining cats and dogs. I remember arriving after dark and a house full of people. We ate and then another cousin and I were put to bed. It seemed to me we were in an attic room with a big iron bed. The patchwork blanket and mattress were feathers and we sunk down. There was another patchwork quilt on top. I woke up in the night not knowing where I was and smothered in feathers"

The story is not dated but by where they lived I would say it probably about 1934-35

Dawna,

Ive got the picture of Albert cutting hay to send you. Iv'e also got one of Arthur crabtree sitting behind the wheel of a model T Ford, Joshua nickerson sitting in a boat full of Civil war veterans, and a picture of Maggie Nickerson and her daughter America in front of their old house. Birchie and Flossie lived in the old house after Maggie Nickerson died untill 1955. Then they built a new house and had the old one moved back by the barn. I remember playing in it as a child.

Birchie was born and raised in a house on the original 80 acres homesteaded by John L. and America francis White. When he was 16 or 17, he joined the CC camps and spent the next year or so building roads. After that he returned to Stone County and married Flossie Horn. He was married to Flossy until 1993 when she died of cancer. It was hard on all of us when Flossy died. She was the cement that held our family together. Birchie was devastated and cried for weeks. We were worried about him. Eventually he calmed down and ended up marrying

Oma Holt. I guess the thought of being alone after all those years with Flossy was to much for him. Oma was the widow of Troy Holt and a life long Stone County native also. We didn't know what to think about a man grandpa's age getting married again but it turns out it was for the best. Oma takes care of him. He's to forgetfull to live alone. Most of his Grandchildren live nearby but we are no substitute for the constant companionship and life long memories of this area that he and Oma share.

Email me your mailing adress and I'll mail you these pictures. I think you'll enjoy them.

Hi all,

Sadly, I have to report that Birchie White died this morning @ 04:00 AM. Birchie was an 85 year old lifelong resident of Stone County. He was born, raised and died on his family farm just north of Kimberling City. Birchies Grandfather Joshua Nickerson was an early settler to the Kimberling City area and is said to have been involved in building the Nickerson log cabin that still stands in Kimberling City.

Birchie will be greatly missed by all who new him. He was a hard working, pragmatic Stone County native full of common "hill" sense and never at a loss when it came to a story. His kind is a dying breed.

Just got home from the visitation. Lots of people. We are going to bury Birchie next to my Grandma Flossy. Just a fiew feet from Joshua's stone. Lance, David and I are going to keep the homested. It has been in the family since the late 1890's.

Loss "Junior" White is here. He was asking about you. Says he has been trying to get in touch with you about the Nickersons. He has a place in England and wants to know where the Nickersons originated from.

Hi

Hope you are doing well. Sometime ago you sent me some pictures of the Nickerson's via email. One of the pictures was taken by a huge tree and the other by what looked to be a cave entrance with Nickersons and Crabtrees in the photos. I was reading a magazine called the Ozarks Mountaineer today and came across a very interesting photo. It was of a huge tree and people gathered around, it looked very similar to the picture you sent. It talked of this being a popular picnicing and gathering spot to Ozarkers. Stated that there was a cave entrance and that it was on the Finley Creek in Christian County Missouri. It was called "Smallin Cave" The photo shown in the article was taken in the 1920's. I will try to locate more info on this area.

My dad (Edgar Lawrence White) now deceased, was wounded in Vietnam. He took schrapnel in the arms, legs and back when a VietCong rocket slammed into his barracks. There are many vets in Nickerson cemetery and lots of American flags are placed on their graves for Memorial day and veterans day. My cousin Lance had a concrete flag pole support poured and has a huge American flag flying above the cemetery. He also made a plaque that says Nickerson cemetery and set it in the Concrete.

Notes for Mary Jean Crabtree:

Today, Aunt Jean was found on the floor at about noon, by my niece Shannon Eutlser. Shannon had just started taking care of her, and last night Jean told her not to come over until noon.

When Shannon got there, the door was locked. She looked through the window and saw jeans feet on the floor. She ran to the back of the house, went through the basement, and opened the sliding glass door to Bonnie's bedroom to reach Aunt Jean. She was still warm, but had no pulse nor was she breathing. She was lying in front of a big recliner in the front room.

Shannon called 911. The medics were there in 5 mins, in the mean time she performed CPR. She called me (Dawna J Vicars aunt Jean's nurse) while the medics were still there and we (Mom and I) rushed right over.

When we got there it didn't look good, the medics were performing CPR. They finally got a heart beat. So they rushed her to Oroville, Hospital.

Aunt Jean's, daughter Bonnie, called while we were there. I told her what was going on and that we would meet her in the ER of the Hospital.

The nurses put us in a quiet room as a family. Soon the doctor came in to say she was only being kept alive by machines and did she have a DNR (do Not Resuscitate.). Bonnie said she did and ask to be with her mother.

Aunt Jean was taken off life support and did not start her heart on her own. She never woke up. We prayed and held her hands as she finally passed to better place. Heaven.

From Interview by Dawna Vicars

During several discussions with Ken in 1998 & 1999 he shared with me how he was actually in the NAVY, but assigned to the Marines because they had so few trained MEDICs in Marines.

When asked why he didn't pursue a medical field after the Navy, he said, he had thought that is what he would do,

become a doctor. But aft the war, he said he saw all the blood he ever cared to see in his remaining life.

Ken later became employed as a US Postal Service and a mail carrier. He retired from the occupation c 1980 in Oroville, Butte Co, CA.

Calif. where he went into business with his brother in law Kenneth Crabtree as proprietors of "Ken & Ed's Mobil" located on the corner of Elgin and Myers Street in Oroville. Next door was the Collins & Denny grocery store and one block North was the Burbank Elementary school where daughter Dawna attended school from 1963-69.

(By 2000, the Burbabnk school was bulldozed for houses, the grocery is still a building, while still standing was now the El Medio Fire department, and the Mobile station was a used car lot.

Later Ed open his own new built Mobile Station on the corner of Myers and Oro Dam Blvd. By the early 1970 Ed sold his station business and went to work for Prudential Ins. CO where he rose to Division Manager in the Oroville area.

While Ed's family had returned to Okla. from Calif., most of Thelma's siblings and her parents resided in or around the Oroville area. Thus the move to Oroville was a good move for the family, where they were closer to family members as the girls grew up in the foothills of the small Northern California town.

The family resided in a home Thelma's father had helped build at 2245 Ft. Wayne St. until the early 1970's when they purchased a fairly new home across town at #6 Rockridge Rd.

Ed was an active member of the El Medio Fire Department, where he became an engine driver and

Commissioner for El Medio Volunteer Fire Dept.

Ed was a member of the Masonic Lodge in Oroville, Ca., encourage to join by his Uncle, Samuel Shores.

By 1984 Ed had entered an early retirement because of a heart condition that required a pace maker.

In 1999, Ed & Thelma still resides at the home on Rockridge Rd.

2nd week June 13, 2002 - Ed was placed first in Hospital, then Oak Ridge Home for the elderly due to dementia/ALZHIEMER Disease.

By Nov. 2002, his brain that "directs a person to swallow", was short circuiting, so to speak. As a result he would not eat and began to lose weight rapidly. Losing over 25 lb. in 4 weeks.

Upon visiting him in Late November 2002, .with my daughter Ashlyn, he can only be described skin & bones...literally. Reminding me of the sad pictures of soldiers captured as POWs. While it took some effort, he finally looked up and responded to 7 1/2 year old Ashlyn's hugs, with a small smile. He is able to shuffle to the restroom on his own. But mostly wants to stay in bed, facing the wall. When he does open his eyes, they are large eyes that bulge from the eye sockets and search you with puzzlement.

While the family celebrated Thanksgiving in my parents home on Rockridge road, it seems odd not to have Dad sitting at the head of the table. My mother noted, in 55 years, it was the first time they had not had spent Thanksgiving dinner together. She did make a dinner plate for him & take out to the rest home, but even for his favorite pumpkin pie, he could not swallow..... Dawna (daughter of Ed)

While visiting Christmas day, Dad was able to sit in a chair....he again was responsive to my Mother's kissing him and again to his granddaughter, Ashlyn, whom he reached out his right arm to hug her and gave a brief smile of acknowledgement towards her. He drank a can of Pepsi, and was able to swallow it. Later he asked about his "brother", saying, "where's my brother?"

12/31/2002-

Dad had fallen twice over the weekend. His body is weakened so, from not eating. It does not appear he will last much longer at this rate.

His wife, Thelma, 2 daughters Dawna, and granddaughter Ashlyn were with him earlier in the day on his last day.

Today, New Year's Eve, 2002, Ed passed away at 8 pm, at the Olive Ridge home for elderly, in Oroville.

Email from Ed's eldest daughter Pam to her younger sister Dawna. (the two had been to see him earlier in the day...Dawna then returned to her home, only to be called a few hours earlier and be told her Father passed away,. This email below is about going to see him after being notified of his death by the Olive Ridge Care Facility where Ed was residing the last 6 months.

Dawna,

Well finally it is over. I can't tell you how much I prayed to God to take him after we came home. He looked so miserable.

Mom insisted I leave her alone tonight against my better judgment, but she is the boss.

When we arrived at the rest home his body was still warm, his eyes closed but his mouth open. Shawn found him in his bed peacefully asleep around 8:00 p.m. I had planned to stay the night, but mom insisted at 5:00 p.m. that he was doing better and would make it through the night.

She broke down a little at the resthome this evening. I kissed him good bye, told him I loved him and forgave him for all the past. I feel better but sad. I'm so worried about Jeff. You know, Papa was a god to him and could do no wrong.

We got back to Mom's around 9:30 and figured it was too late to call anyone. I did call Ron and tell him as he was so upset I didn't tell him when Grandpa Crabtree died. Well at least I left a message. Everyone is out

celebrating the new year. And hey, what a way to leave this world.....go out with the old year. May he rest in peace.

Love you and am so proud of that Ashlyn Cayla. What a brave young lady she was this afternoon. Remind her I love her.

See you tomorrow. Please drive careful.

Love, Pam

Edward Lee Vicars
October 18, 1928 - December 31, 2002

Edward Lee Vicars, age 74 years, passed away New Year's Eve in Oroville, after suffering a lengthy illness with Alzheimer.

Born Oct. 18, 1928 in Bristow, Oklahoma, to the late, Fred J. Vicars & Gladys Ellen Shores, Edward, moved to California in 1939 and married Thelma Crabtree in 1947.

Employed by Shell Oil CO. in Martinez, Edward permanently moved his young family to Oroville in 1960 to go into business with his brother-in-law Kenneth Crabtree. Here he opened "Ed & Ken's Mobile" on the corner of Myers and Elgin Street and later opened a new Mobile Station on the corner of Myers & Oro Dam Blvd. The latter has been replaced by the current auto parts store.

Edward was a top salesman for Prudential Insurance Agency, for 17 years . He retired from Prudential in 1984.

He was an active member of the Oroville community, including: volunteer fireman and later Commissioner for the El Medio Fire Department; Member of the Masonic Lodge #103, and Butte Roadriders Motorcycle Club.

A man who loved being outdoors, Ed particularly enjoyed Motorcycling, fishing, boating, and camping. Ed will be greatly missed by many family members and friends, particularly his #1 fishing partner, Grandson. Jeffrey.

Ed is survived by his loving wife, Thelma Vicars, daughter and son-in-law, Pamela and Robert Bolton, all of Oroville; daughter Dawna J. Vicars of El Dorado Hills, CA, grandchildren Jeffrey Edward Howell & Shannon M. Eutsler of Oroville, and Ashlyn C. Vicars of El Dorado Hills, CA.

Ed is also survived by siblings; Bill Vicars of Krebs, OK, Betty Saunders of Choctaw, OK, June Thomason and Ron Vicars, both of McAlister, OK and Roger Vicars of Pottsborro, TX

At Mr. Vicars' request, there will be no funeral services. Private internment will take place at the Memorial Cemetery in Oroville on Jan. 6th.

On Friday Jan. 3, the Scheer Memorial funeral home set up a view for just the immediate family. I, Dawna, went first...I placed a long stem pink rose in his hand, because he was always cutting a rose to bring into the house for Mom. I also took the last family picture from last Christmas and placed it in the casket with him. He was so thin and brusied (from falling)...but he finally looked at peace, after he had had suffered so long. The funeral home noted they doubt he weighed 80-90 lbs, That would have been 40-50 lbs he has lost since Thanksgiving. I prayed that he was in a better place now....with his favorite uncle, Sam Shores, with his beloved mother and father and 3 young brothers before him as well as his grandmother Fannie Rose. May he watch over us

now.....

Just checking , and to let you know that Velma Crabtree Nine (William "Kennith" Crabtree's daughter, & grand-daughter of Viola Nickerson and Arthur Crabtree) died May 18, 2002. She was my first cousin, and named after my mother Thelma Lee Crabtree . She was 50 years old.

She had a stroke, then cerebral bleeding (which is a stroke) and they took her to surgery. Did not expect her to live thru surgery but she did only to have another stroke and die. Mom said Vicky (her older sister) was very upset.

She was residing in the Rancho Cordova, CALIF area.

Take care,
Dawna
